SPRINGFIELD

West Springfield, Longmeadow

DIRECTORY

1959

Combining Five Distinct Directories:
Governmental Directory—City, County, State and Federal.
Buyers Directory—A local source of sales and service.
Classified Directory—Business, professional and social.
Alphabetical Directory—Names, occupations and addresses.
Numerical Directory—Streets, householders and business.

Price $46.00

SECTION 28, COPYRIGHT LAW.

IN FORCE JULY 1, 1909.

That any person who willfully and for profit shall infringe any copyright secured by this act, or who shall knowingly or willfully aid or abet such infringement, shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punished by imprisonment for not exceeding one year, or by a fine of not less than one hundred dollars nor more than one thousand dollars, or both, in the discretion of the court.

PUBLISHERS' NOTE

The information in this book is gathered as far as possible by actual canvass, and is compiled in a way to ensure maximum accuracy. The publishers cannot, of course, guarantee the correctness of information furnished them nor the complete absence of mistakes, hence no responsibility for errors or omissions can be assumed, but we will welcome the bringing to our attention of any inaccuracies so that correction may be made in the next Directory.

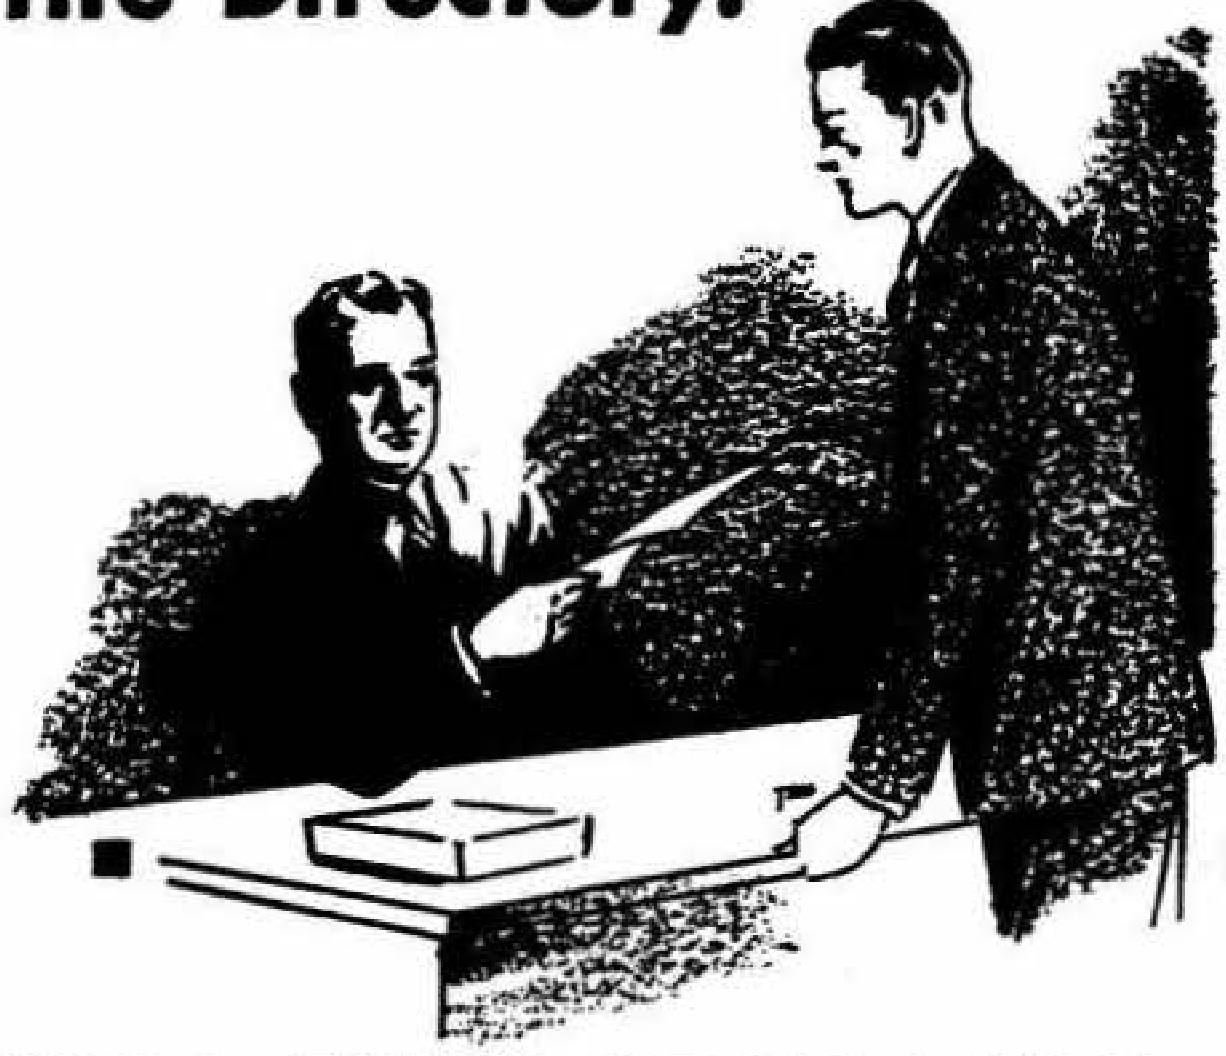
High Hurdles. . . .

In business as well as in sports there are High Hurdles to overcome. Your ad in the Directory, where multitudes will see it, will help to overcome many of the business hurdles.

use
DIRECTORY
Advertising

FIND THAT ADDRESS *Quick . . .*

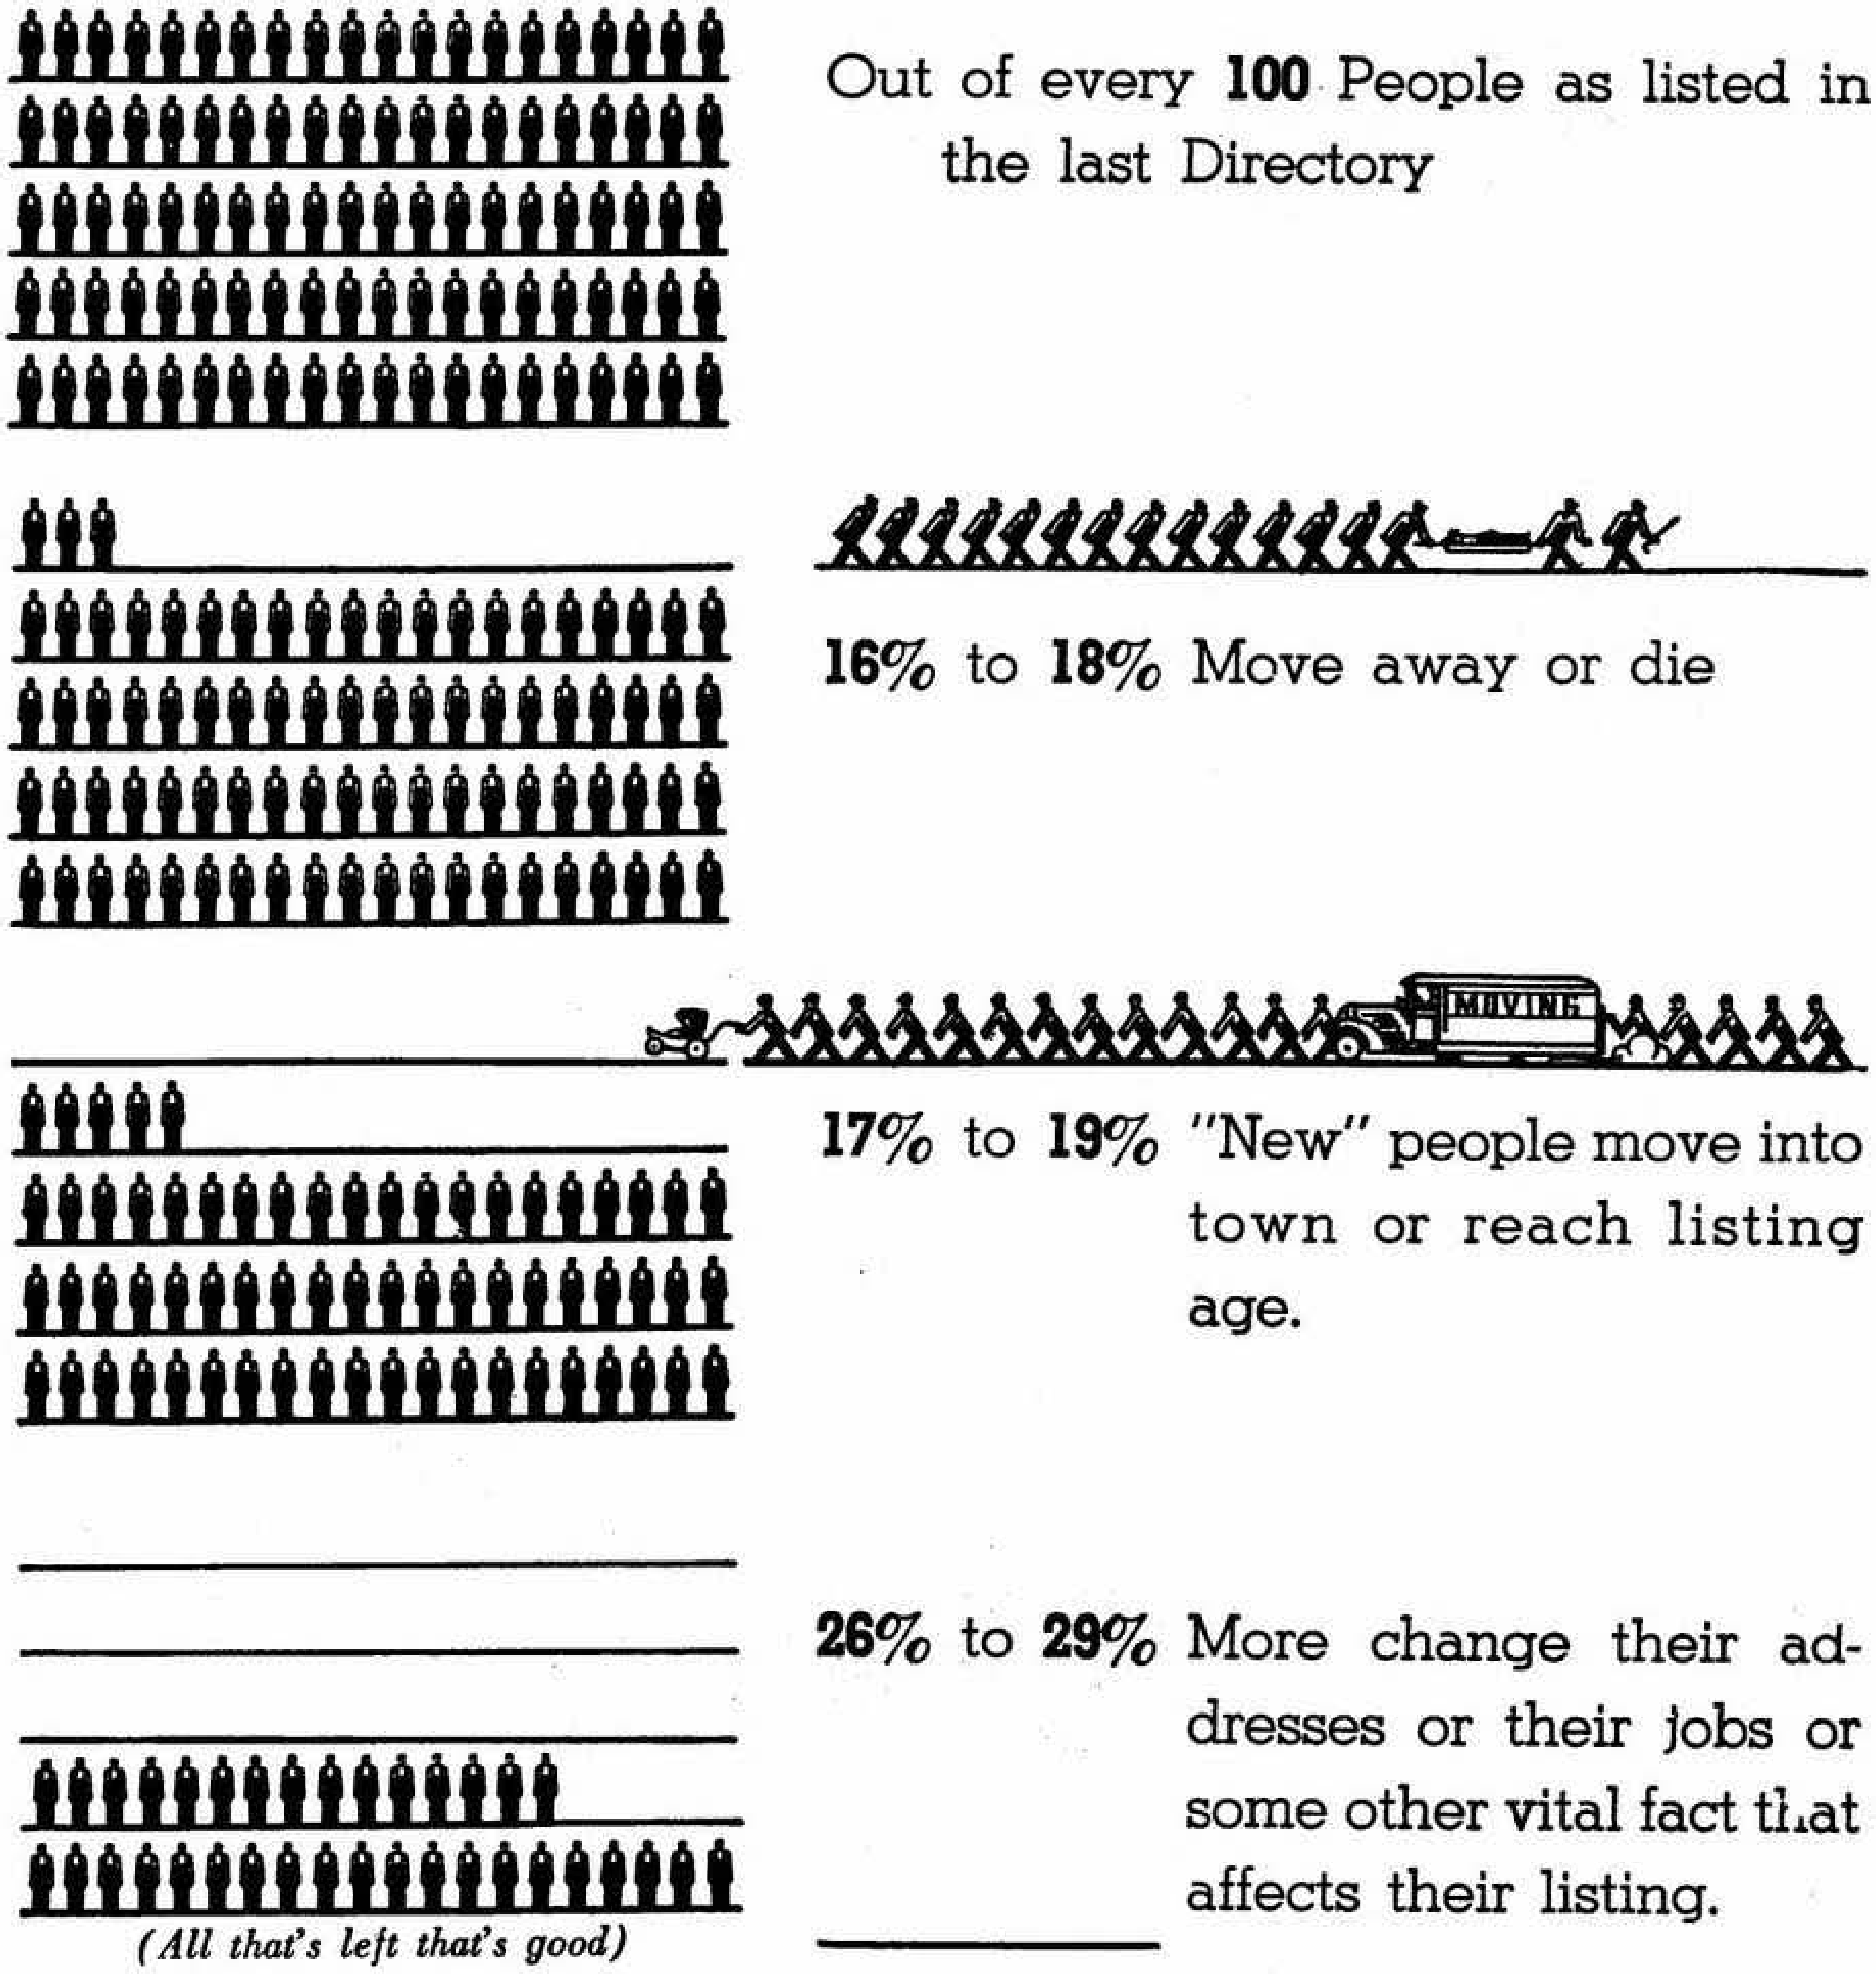
"Chicago is on the wire —they want Bill Smith's address—quick". And in a matter of seconds the address is located in the Directory.



YOU WILL FIND IT IN THE

DIRECTORY

HOW MANY CHANGES IN A YEAR?



Out of every **100** People as listed in the last Directory

16% to **18%** Move away or die

17% to **19%** "New" people move into town or reach listing age.

26% to **29%** More change their addresses or their jobs or some other vital fact that affects their listing.

(All that's left that's good)

Making a total of **59%** to **66%** of the People listed who have new information in some particular which can be surely found only in the **NEW DIRECTORY**

Note: These figures are from repeated checks in numerous cities and do not vary 5% in any one year.

THAT IS WHY NEW DIRECTORIES MUST BE PUBLISHED EVERY YEAR.

A SUMMARY

Suggested and Planned by American Community Advertising Association
Adopted as a regular feature in all directories published by the
Association of North American Directory Publishers
Completed and corrected annually through
the courtesy of the Greater Springfield
Chamber of Commerce

SPRINGFIELD, MASS.

SPRINGFIELD GAS LIGHT RATES, JANUARY 1, 1959

Household Rate — First 100 cu. feet $1.15; next 400 cu. feet at 32½ cents per 100 cu. feet; excess .25 cents per 100 feet.

Water Heat and Refrigeration—First 500 cu. feet at $2.45; next 500 feet at .25 cents per 100 cu. feet; anything above is 16 cents per 100 cu. feet.

Heating Rate—First 500 cu. feet at $2.45; next 500 at 25 cents per 100 cu. feet. Next 2,500 at 15 cents per 100 cu. feet. First 60 hour use of demand at 15½ cents per 100 cu. feet. Over 60 hours use of demand at 12½ cents per 100 cu. feet.

Service—The area is served by two natural gas pipelines. In December 1958 there were 777 miles of mains and 66,179 meters.

WESTERN MASSACHUSETTS ELECTRIC LIGHT RATES, JANUARY 1, 1959

Residential Schedule A-1—First 12 KWH or less, $1.00; next 88 KWH at 3½ cents per KWH; balance over 100 KWH is 2.8 cents per KWH. Typical 1958 250 KWH residential bill, $8.28.

Optional Residential Schedule A-H—The standard energy rate is the first 400 KWH or less computed at rate of available residential schedule. All over 400 KWH at .021 cents per KWH. Inducement energy rate--all KWH's used between 11:30 P.M. and 7:00 A.M. or such other hours as the company may deem advisable but not less than 7½ hours daily shall be at the rate of .013 cents per KWH.

Water Heating—for off-peak storage water heating--first 50 KWH, 3 cents per KWH; over 50 KWH, 1 cent per KWH.

Service—Three bulk supply stations in City directly interconnected with 115,000 volt underground cable which is connected with 115,000 volt overhead cable surrounding City. 65,032 meters.

FINANCIAL SITUATION

The outstanding economic factor in Springfield is its diversification. No manufacturer employs over 3,200 persons; yet nearly 40% of the City's labor force of over 70,000 is employed in manufacturing, although only 7 industries employ over 1,000 persons, 49 employ over 100, and the City has over 300 manufacturing corporations.

Springfield has four commercial banks, five savings banks, and three savings and loan associations. Due to its being so accessibly located Springfield was chosen as the logical location for the establishment of the district branch of the Federal Farm Credit System covering New England, New York and New Jersey, and comprising the Federal Land Bank, various Production Credit Associations, the Federal Intermediate Credit Bank, and the Springfield Bank for Co-operatives.

MASSACHUSETTS MUTUAL LIFE INSURANCE COMPANY 1295 STATE STREET, SPRINGFIELD

The Massachusetts Mutual Life Insurance Company was founded in 1851 and is one of the oldest companies in the industry. It now has 100 general agencies, 32 group insurance offices, and 10 mortgage loan and real estate offices in key cities throughout the United States and the Territory of Hawaii.

With assets of over $2 billion, Massachusetts Mutual today ranks 10th among the more than 1,200 life insurance firms in the nation. The company's life insurance sales have more than trebled in the past decade and currently total over a billion dollars annually. Massachusetts Mutual has more than $6 billion of insurance in force, protecting more than one million persons, and in excess of $2 billion has been disbursed to policyholders and beneficiaries since the company was organized. Described as "particularly a policyholder's company," Massachusetts Mutual enjoys a nationwide reputation for the quality of its policy contracts and service and its outstanding professional sales force.

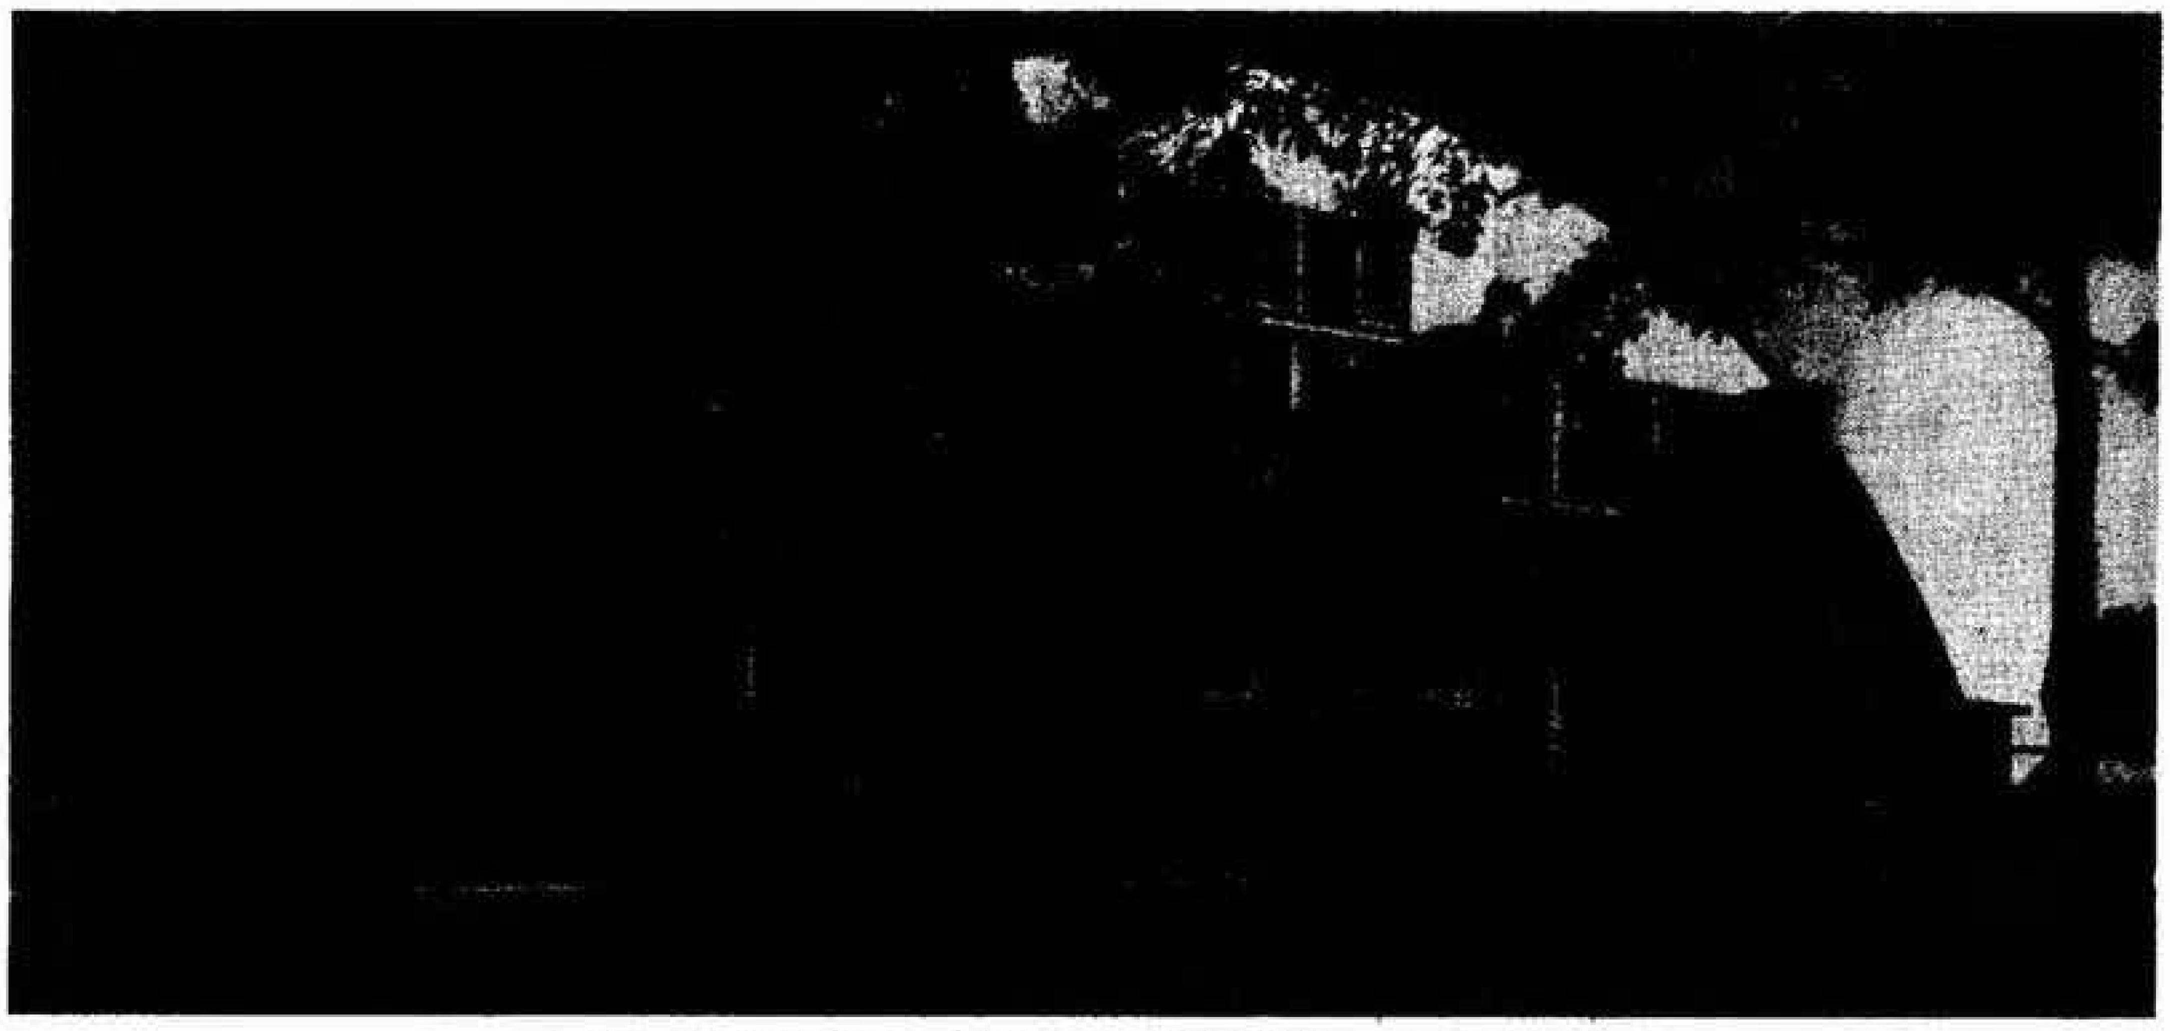
Springfield Fire and Monarch Insurance Company (a stock company resulting from the 1958 merger of Springfield Fire and Marine Insurance Company and Monarch Life Insurance Company) writes all forms of insurance. Springfield Fire and Marine was incorporated in 1849 and has paid dividends to stockholders in every year since 1867. Monarch Life was incorporated in 1901 and is the nation's leading writer of non-cancellable, guaranteed renewable, guaranteed premium rate health and accident insurance.

The combined company has consolidated assets of over $200 million. Combined premiums in force on an annual basis total over $90 million. Springfield Fire and Monarch has the distinction of being the only insurance company in Massachusetts which writes all forms of insurance.

These two insurance companies (Massachusetts Mutual and Springfield Fire and Monarch) employ over 2,200 persons.

This digest of the history of Springfield's two largest insurance companies is intended to indicate the scope of one of the City's white collar industries. The City's claim of diversification does not apply alone to diversified manufacturing. We have maintained a healthy balance between diversified manufacturing and diversified service industries of which insurance is a fine example.

Perhaps the best indication of the basic economic health of the City comes from the Massachusetts Equalization Commission which reported, in 1956, that Springfield, with 40,000 fewer persons and 25% less land area, had more total property valuation on an equalized basis than did Worcester, a city with an equal degree of industrialization.



Springfield College Memorial Field House, dedicated in February, 1948, to Springfield College Students and Alumni who died in World War II.

THE CROSSROADS OF NEW ENGLAND

Springfield is the center to which tourists come over excellent highways, and through which they pass enroute to Main, New Hampshire, Vermont, as well as to points of interest in Eastern Massachusetts.

Springfield is a trading center for a population estimated at 656,742. To the community are attracted those persons who seek adequate shopping facilities, excellent stores, fine restaurants and hotels.

The industrial prestige of the city has been developed as a result of the skill of its workers in mechanical trades. It is in a sense an agricultural base, for here are located the Eastern States Farmers' Exchange, the Hampden County Improvement League, and many other agencies working co-operatively for the development of agriculture throughout all of New England.

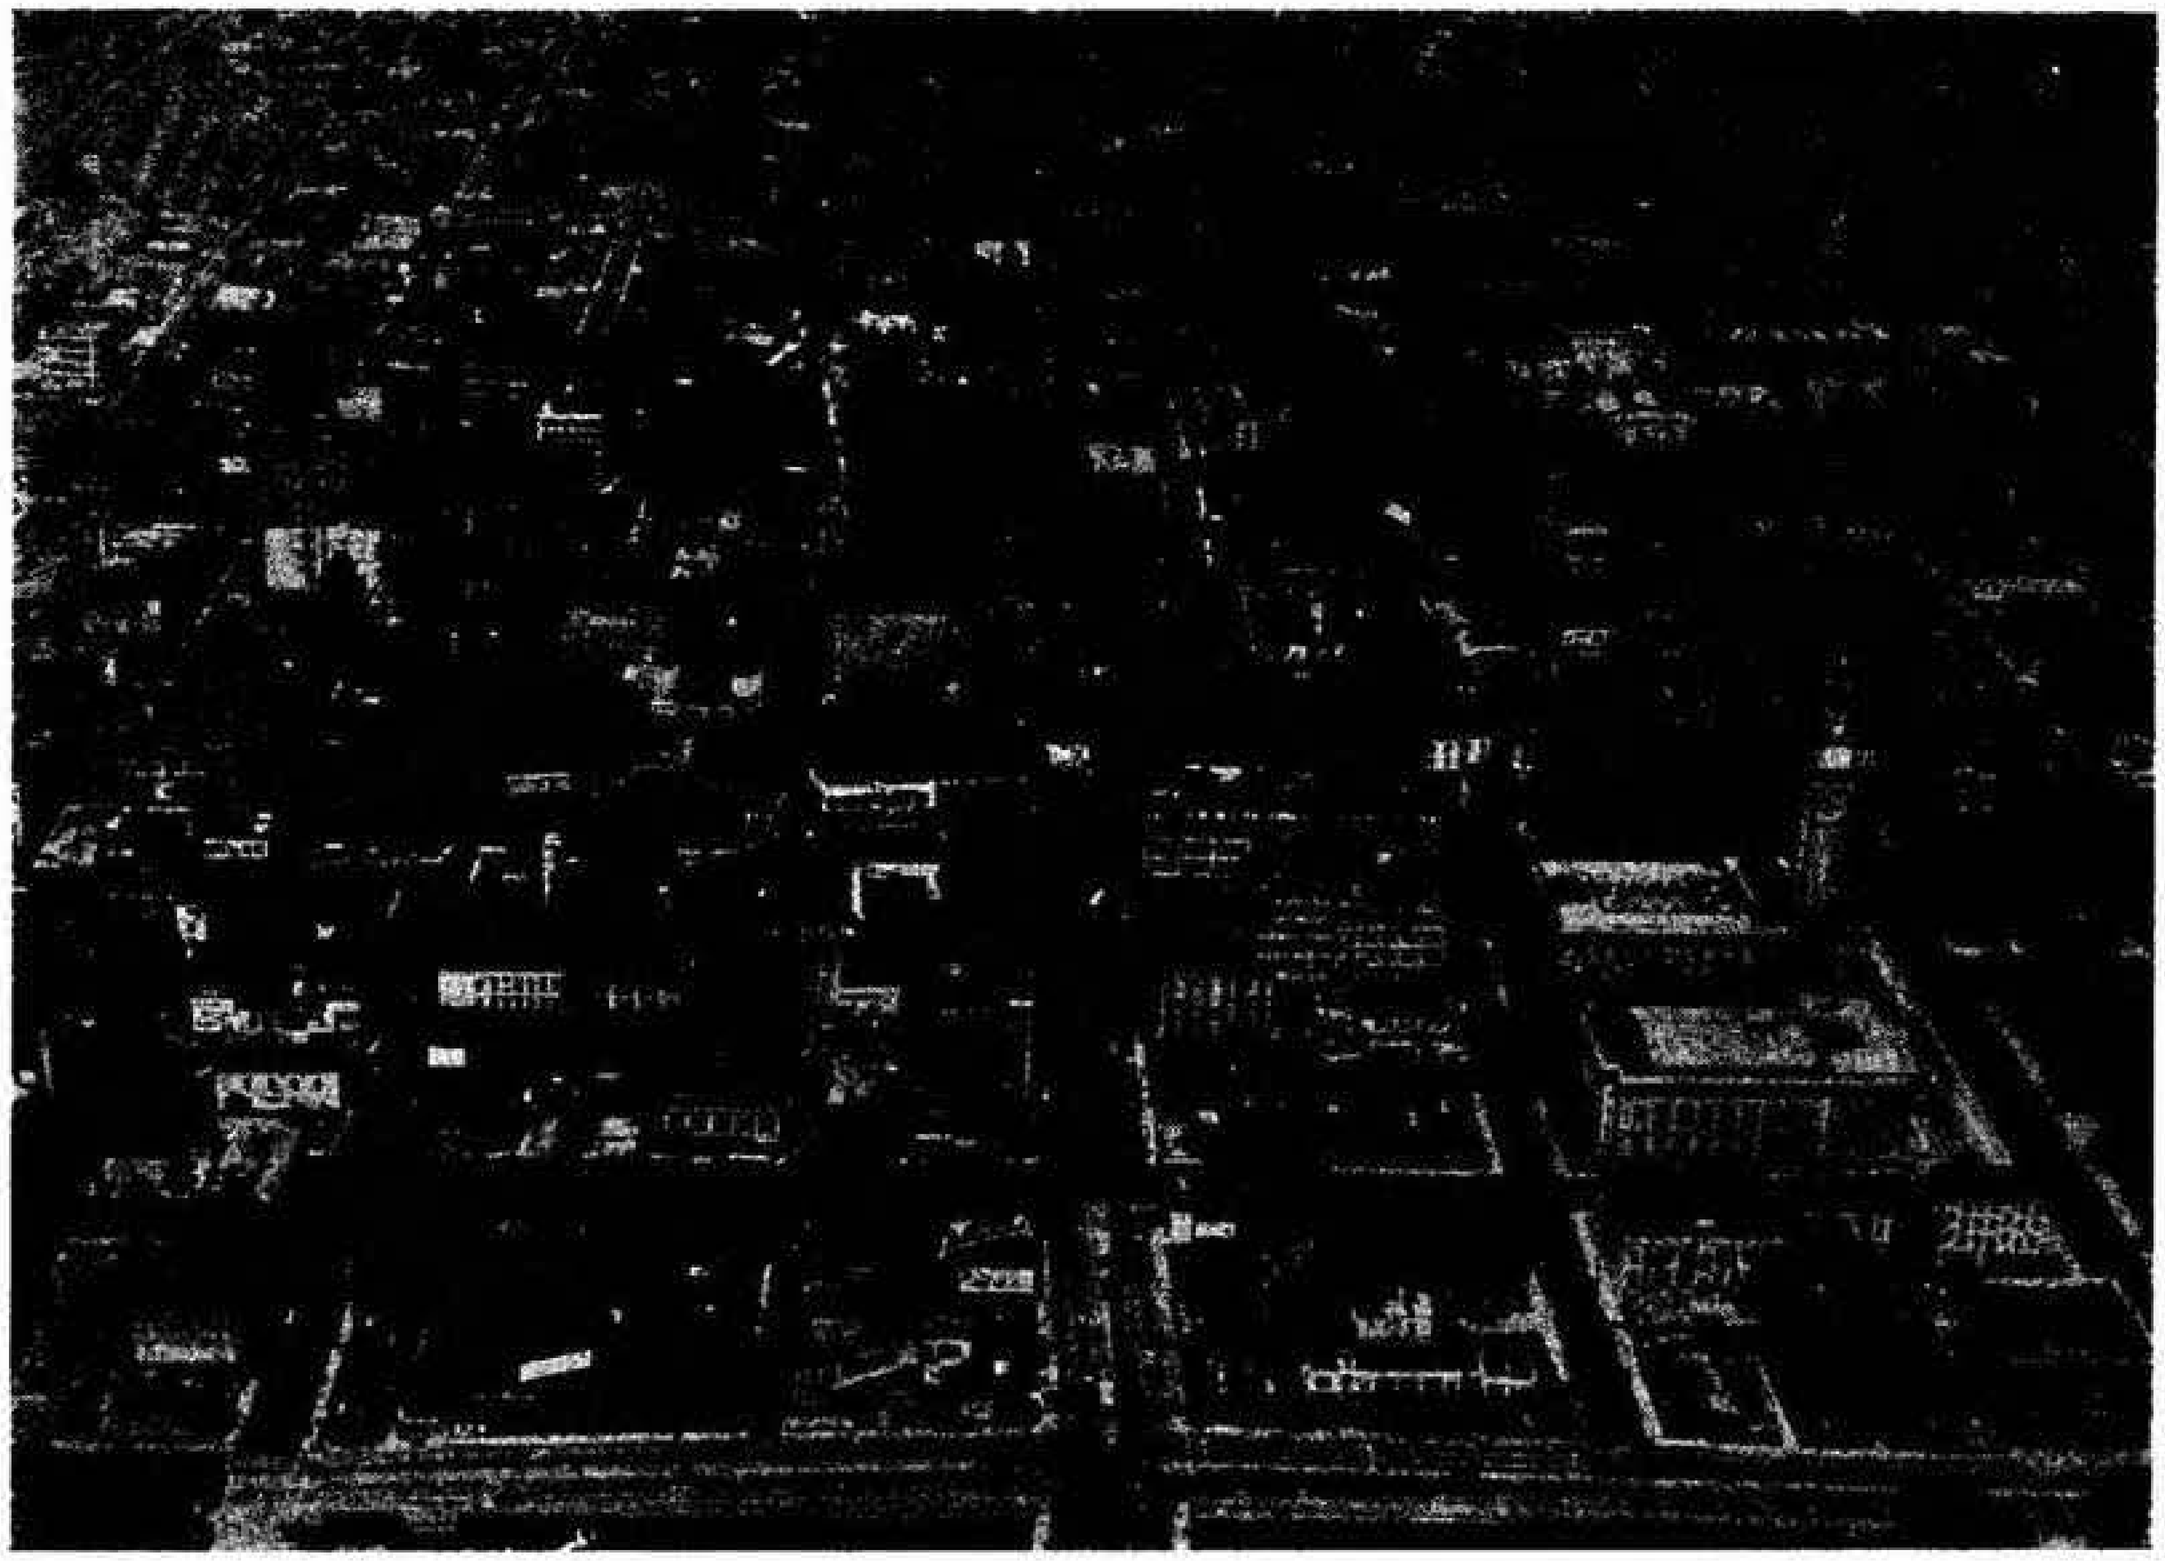
Springfield is the Western Gateway to New England, and the most easily accessible city in New England from points outside. During 1957, 663,000 persons attended 45 conventions, trade shows and the Eastern States Exposition. The Greater Springfield Chamber of Commerce operates a Convention and Visitors Bureau which actively solicits convention business and renders a maximum of co-operation to convention groups meeting in this city; it has for more than sixty years functioned in a capacity as a counsel and guide not only to citizens of the community, but to those from other cities seeking information or advice about the city. Unrelated to the Chamber, Future Springfield, Inc. is another non profit civic research agency which offers information about the city based on full time research.

In summation, Springfield has developed a balance of beauty, education, finance, industry, commerce, and recreation.

THE CITY TODAY

Springfield, Massachusetts, was settled in 1636, as a result of the efforts of William Pynchon and a bank of faithful followers who sought the fertile valleys in this part of the country for homesteading purposes. It was made a town May 14, 1636, and incorporated a city May 25, 1852.

The city and area have grown to a community having a population estimated to be 424,000. Springfield is 89 miles from Boston, 103 miles from Albany, and 135 miles from New York City. Immediately surrounding Springfield are numerous smaller towns and cities including West Springfield, Longmeadow, East Longmeadow, Wilbraham, Ludlow, Chicopee, and Agawam.



Springfield has, since the last part of the eighteenth century, been continuously developing as a manufacturing center, although surrounded by communities agricultural in character. The industry of the community is of varies quality. The skill of workmen to be found here has developed the popularity of the community as an industrial section for the manufacture of many varied products. For the most part, raw materials and supplies are transported to the city.

The rolling hills rising from the Connecticut River Valley provide excellent residential sections.

The prevailing meteorological conditions give Springfield typically New England seasons with charming summers and cold winters.

PUBLIC SERVICE INSTITUTIONS

Springfield is fortunate in having a group of public utility organizations which aid in the development of the community. Under the municipality there operates a Springfield Water Works which provides the community with excellent drinking water piped to the city from the eastern foothills of the Berkshires. An excellent reservoir system of great capacity provides a flow adequate to care for the city for many years to come.

Springfield has long been recognized as a community in which the educational facilities are of an unusually high standard. The public schools' program is most complete and leads the pupil through the primary grades and junior high schools into one of four high schools of excellent standing and character. In the first, Classical High School, the curriculum is of an essentially academic character providing for the continuance of education in the academic colleges and universities. The second, Technical High School, is fundamentally an engineering school and offers courses leading directly to industrial work or into the higher engineering colleges. The third, the High School of Commerce, prepares the pupil thoroughly for a business career and also for entering into a limited group of colleges. The fourth, Springfield Trade High School, prepares the pupil for industrial employment.

THE QUADRANGLE

The historical and educational center of Springfield. Located in the heart of the city, State st and Chestnut st rear of library. Here the latest books or the oldest paintings may be enjoyed by everyone. In the Quadrangle are located the Museum of Fine Arts, the Connecticut Valley Historical Museum (William Pynchon Memorial Building), the Museum of Natural History with Seymour Planetarium, the George Walter Vincent Smith Art Museum, and the City Library.

Springfield has dwelling units for about 50,000 families and has long been known as a community of home lovers. The environment which has been created is a result of a mixed population, possesses many natural advantages and proves pleasing to all. Abundance of water power in the valley has caused erection of enormous hydroelectric stations with the result that reasonable electrical rates prevail and all homes enjoy the use of electricity with its advantages. There are many community civic organizations, each of which was formed for the definite improvement of its part of the city or of the city as a whole.

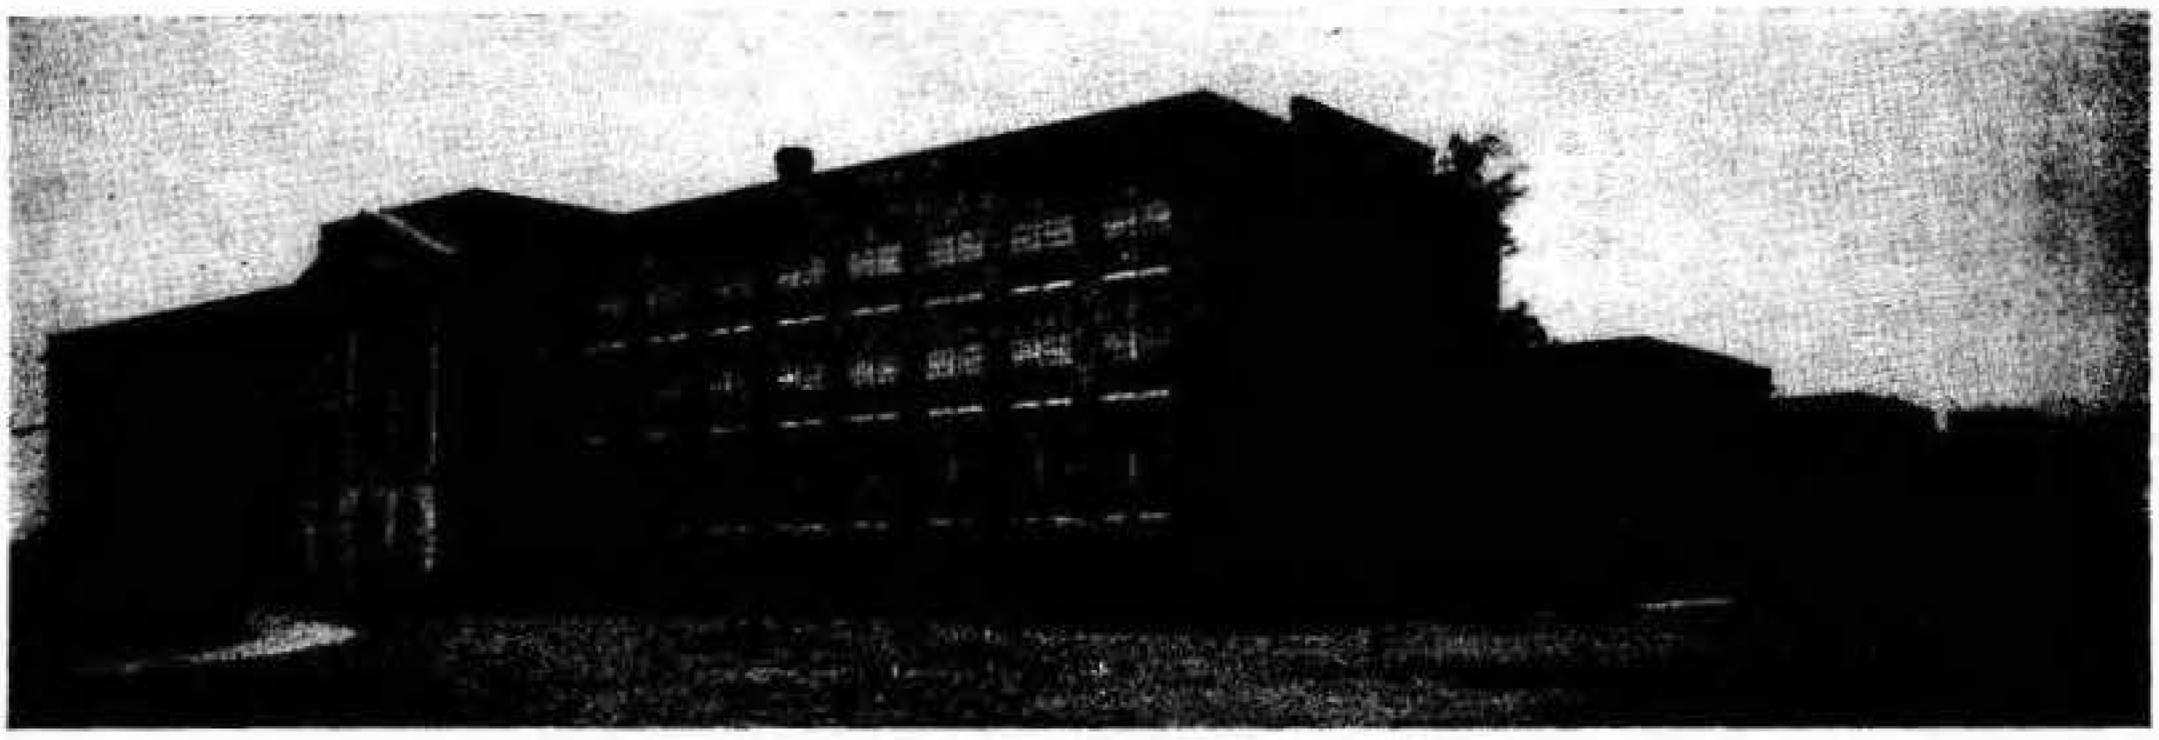
Freight rates prevail for the shipment of raw materials and finished products into and from the city on a basis which permits our manufacturers to compete with others in similar lines in other parts of the country.

CONSUMING POWER

Farm products valued at approximately $10,017,172 were raised in Hampden County in 1954 and consumed mostly in this area. $187,060,733 worth of stock and materials was used in our factories in 1953. Springfield is forced to import from outside all basic raw materials and depends on its skilled labor and native ingenuity in fabrication to maintain its industrial position.

INDUSTRIAL SITUATION

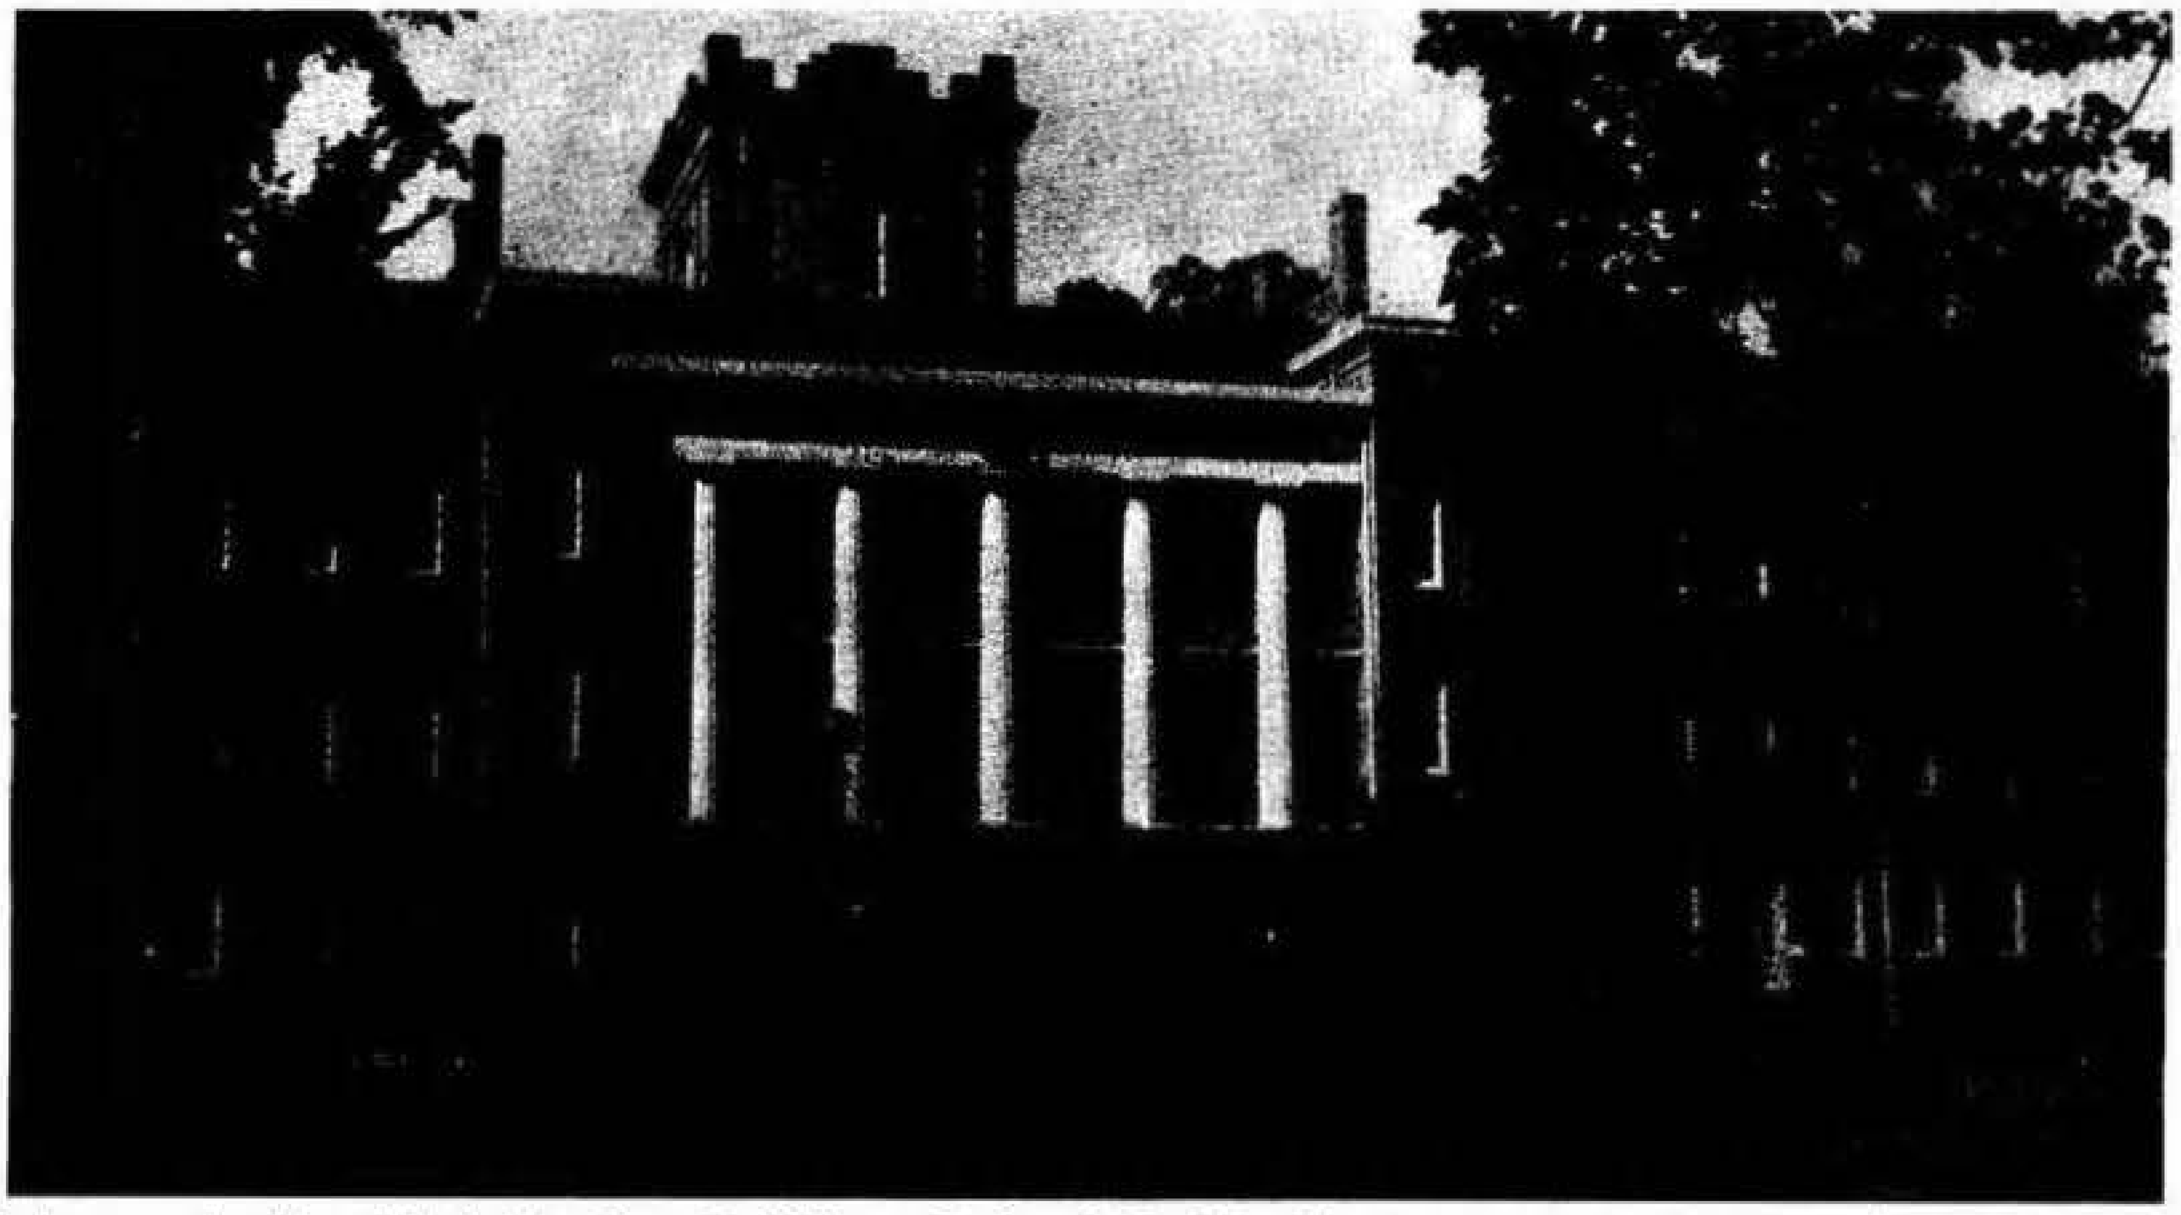
The latest available statistics for the Springfield area (Hampden County) show 840 industrial establishments, paying gross annual wages of $292,534,000, employing 72,435 people. Many of these factories manufacture products known the world over and spread the fame of Springfield into all countries. Westinghouse Motors and Bosch Magnetos, Smith & Wesson revolvers, Springfield rifles, Absorbine Junior liniment, Monsanto chemical products, and Milton Bradley games and toys, Breck hair preparations and Buxton billfolds are typical examples. Industry in Springfield is highly diversified though the manufacture of electrical toods and equipment slightly predominate in value all other lines. Skilled artisans can usually find steady employment in Springfield due to this condition.



SPRINGFIELD TRADE HIGH SCHOOL

THE SPRINGFIELD (U. S.) ARMORY (Entrance on Federal Street) on a rise commanding the city and river was established in 1789 by George Washington. Here is the home of the famous "Springfield Rifle" which has given Springfield the title of "Rifle City." Basic mechanical skills developed here by generations of metal workers have make Spring field the "Cradle of Craftsmanship" in America. The public may visit the grounds and buildings by arrangement with the Office of Public Information.

SMALL ARMS MUSEUM on the grounds of the Springfield (U.S.) Armory is considered one of the finest of its kind in the world. It was after visiting this museum that Longfellow wrote his famous poem, "The Arsenal at Springfield."



Entrance to the Administration Building, Springfield (U. S.) Armory, whose site was selected by George Washington in 1789.

RETAIL TRADE

While Springfield has an estimated population of 168,500 people, its retailers serve a territory containing 656,742 population. Springfield retail sales for 1957 are estimated to be $268,749,000. The two main department stores of Springfield do an annual business in excess of $26,000,000. The large proportion of merchandise carried in Springfield is of a quality nature.

WHOLESALE TRADE

Springfield is served north, east, south, and west by trunk line railroads and it has consequently become a well-known jobbing center. Stocks carried in Springfield cover practically every well-known product manufactured in the United States applicable to the northern climate. Springfield is the distributing center for all of New England for many items.

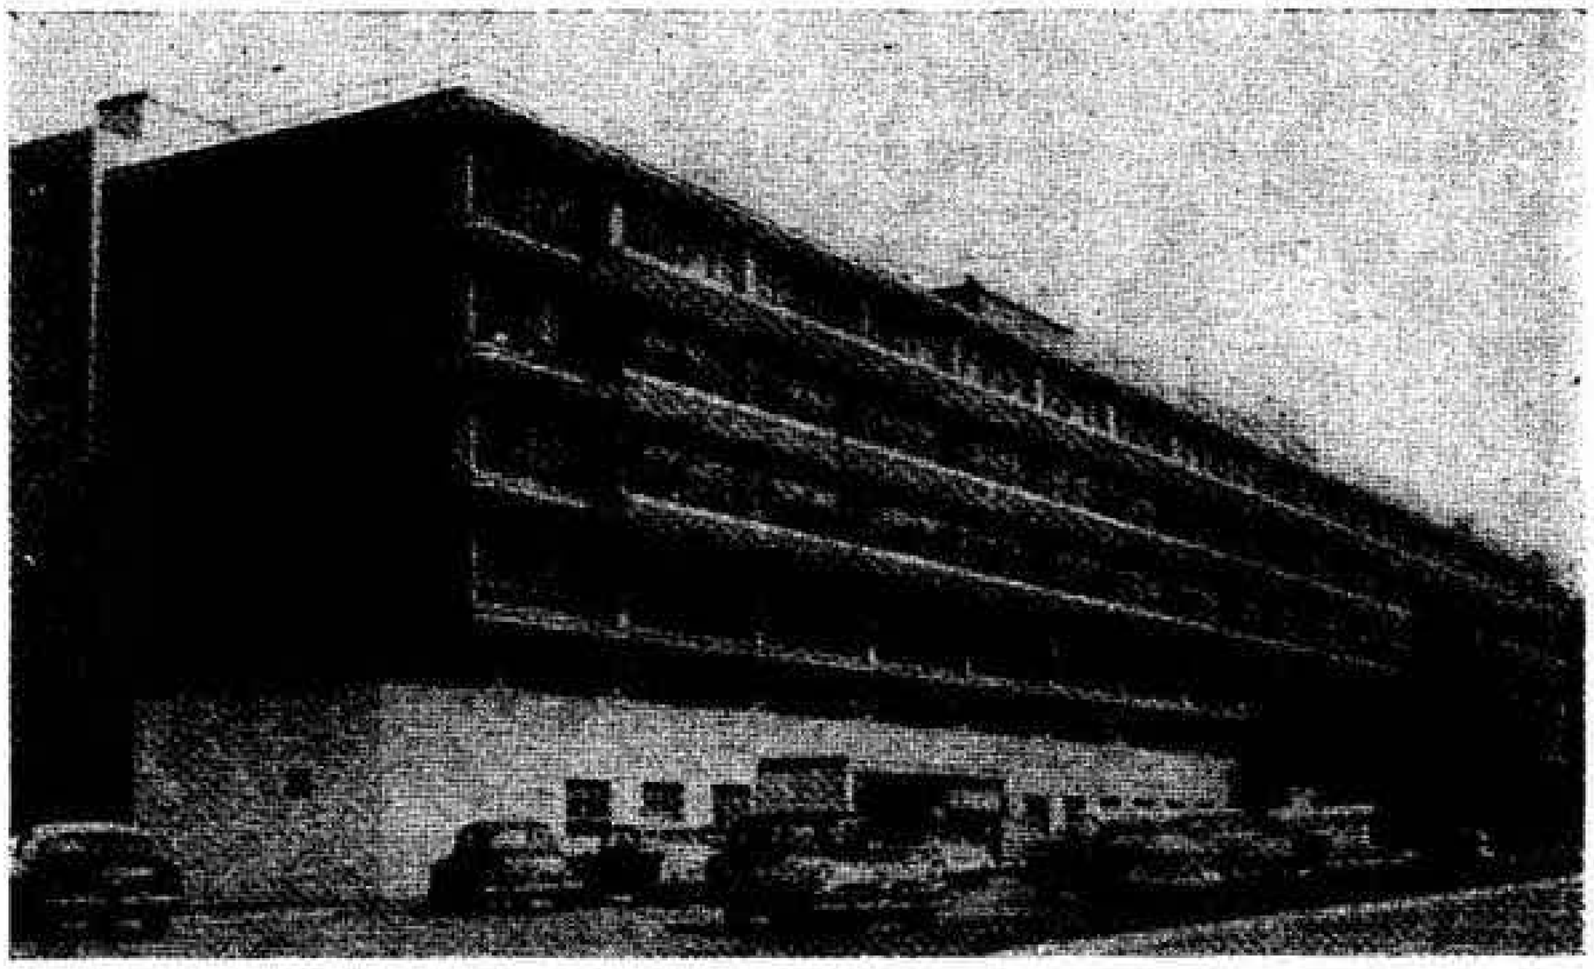
PLANNING

Of outstanding value is the work done by the City Planning Board through whose efforts a definite arrangement for the control of the future growth and development of the city is projected and maintained.

HOSPITALS

Hospital facilities are more than complete, for the community is fortunate in possessing four hospitals caring for general cases; and one hospital for diseases requiring isolation, erected by the city at a total cost of approximately $750,000. Beautifully modern, a wing of the Springfield Hospital, erected at a cost of $2,500,000, was opened late in 1931. Springfield is fortunate also in being the home of the Shriners' Hospital for Crippled Children for the whole New England area. Medical and surgical treatment may be had from many physicians and surgeons of repute. New Wesson Maternity Hospital opened in September, 1953, at a cost of approximately $2,000,000. New Municipal Hospital costing approximately $9,000,000 was opened in early summer 1954. The staff of the Municipal Hospital is currently being enlarged to make maximum use of its vast and modern facilities.

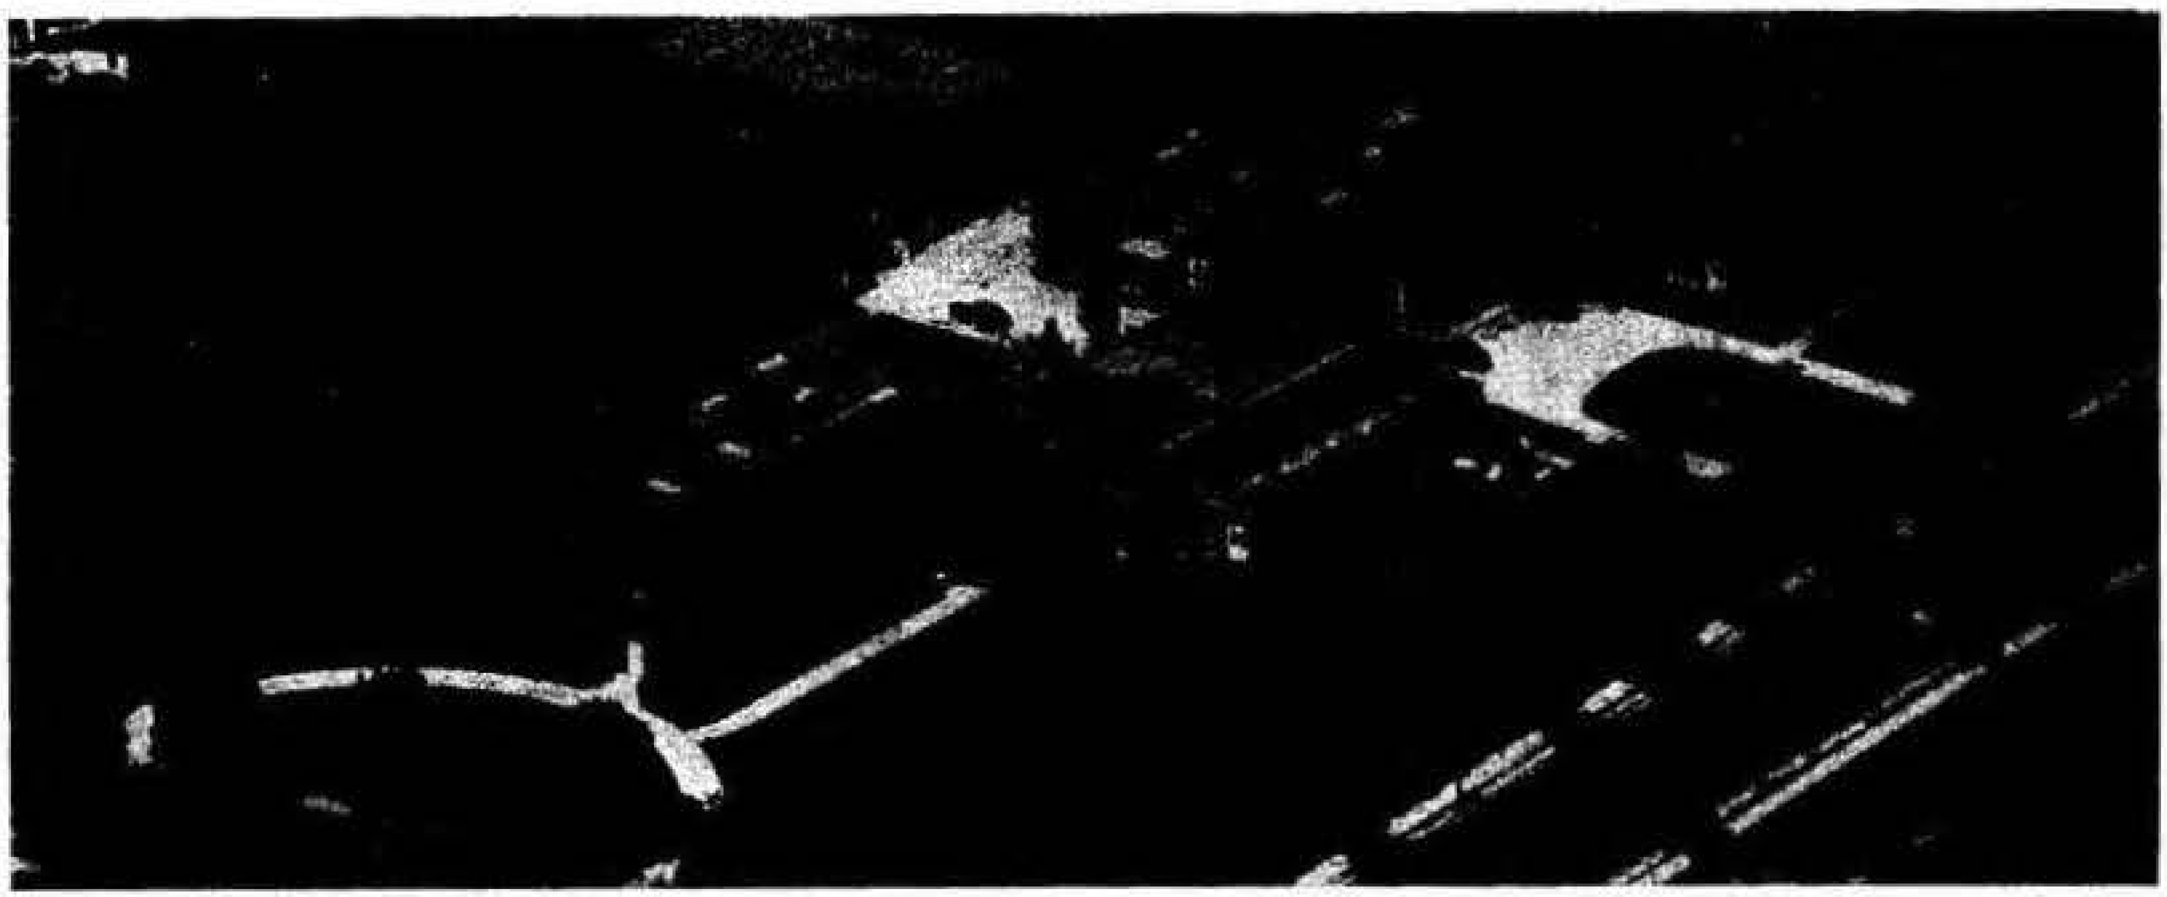
The Springfield Hospital and newly completed Wesson Maternity Hospital, the most modern in the country. Springfield Hospital has facilities for 373 patients and the Wesson Hospital has facilities for 203 patients. Wesson Maternity, 90 beds, 106 bassinets.



SPRINGFIELD MUNICIPAL HOSPITAL

SPRINGFIELD MUNICIPAL HOSPITAL—A modern all-glass-front hospital which meets the specifications of the United States Department of Public Health. It has 650 beds and is operated by a Board of Trustees made up of two doctors from each of the three local general hospitals, in addition to the City of Springfield's Commissioner of Public Health. On the staff are rotating surgeons, general practitioners and specialists in all fields of medicine who serve without pay. It has all types of operating rooms and laboratories, a large auditorium with stage and loud speaking equipment, and 3 chapels, just a few of its many facilities.

Health and sanitation are carefully guarded. Through our school system the health of the children is given more than adequate attention. The Springfield Public Health Department has an outstanding record of achievement.



The Shriners' Hospital for Crippled Children, Springfield, Massachusetts, owned and operated by the Ancient Arabic Order Nobles of the Mystic Shrine was opened in 1925

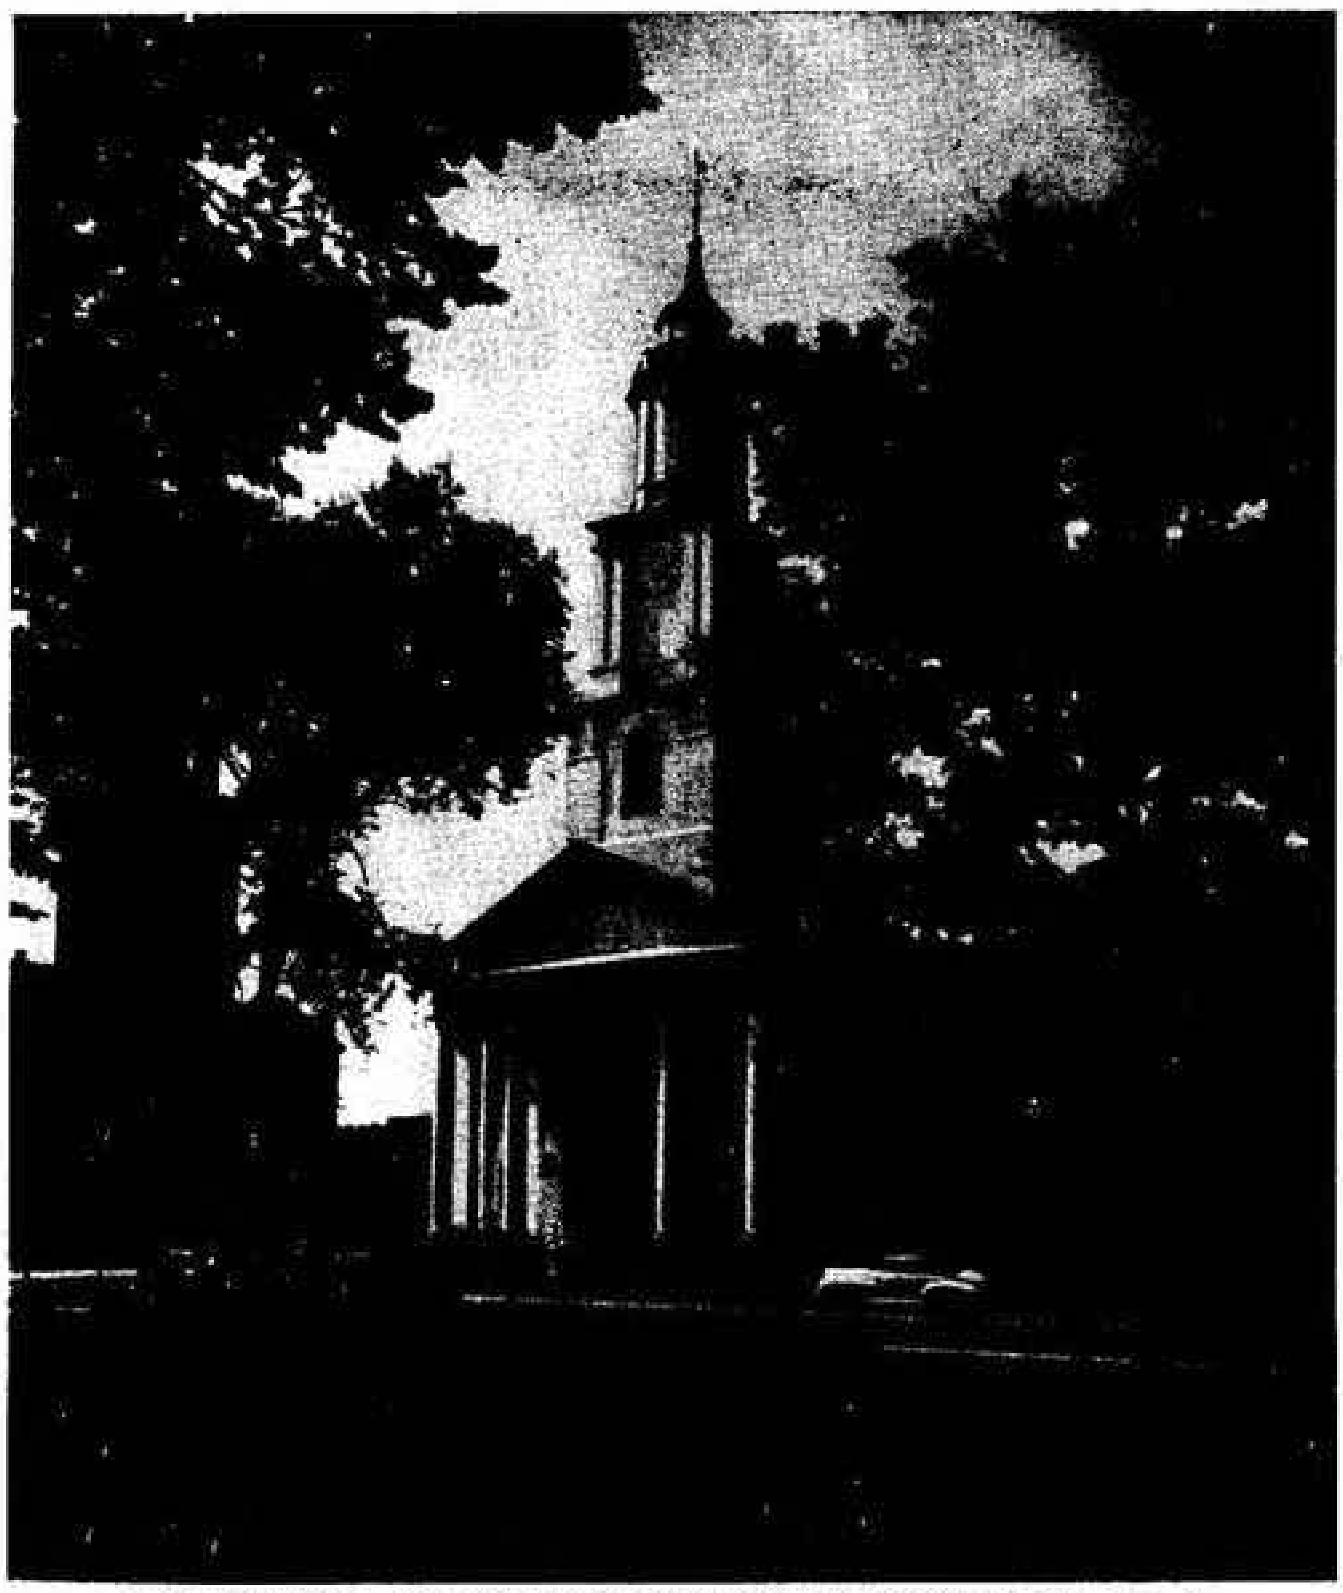
This hospital, one of seventeen such institutions, has a 60 bed capacity and serves the New England States area together with central and eastern New York State. Approximately 286 children under 14 years of age and regardless of race, creed, or color, are hospitalized each year. During 1957, 3,323 examinations and treatments were given in the out-patient department.

The Springfield unit has established an outstanding record since its opening in 1925 9,714 children have been admitted for treatment and 8,892 patients have been examined and treated in the enlarged out-patient department that has a record of over 104,533 out-patient visits.

The hospital operates with a paid staff which includes doctors, nurses, nurses' aides, director, assistant director, brace maker, custodians, firemen, maids, kitchen and diningroom personnel, office personnel, X-ray technicians, physiotherapists, occupational therapist, recreational therapist and laundry personnel.

McGown Memorial Library at American International College built in 1949. Known as one of the most modern and well-equipped small college libraries in New England.

CHURCHES



OLD FIRST CHURCH ON COURT SQUARE stands on the site of the original meeting house built in 1645. The present chapel, designed after the manner of Christopher Wren, was built by Isaac Damon in 1819.

PARKS

Mountain Goats from Asia are seen at the Zoo in Forest Park.

FOREST PARK, one of the foremost natural parks in the country, covers 756 acres. Here are more than 30 tennis courts, well-kept baseball diamonds, a perfect lawn bowling green, and groves, remaining much in their natural state which conceal many secluded benches and tables for picnic parties. Here, too, is a zoo with lions, deer, buffalo, monkeys and birds. Porter Lake, where boating and fishing may be enjoyed, is within the park. In season can be seen iris, mountain laurel, rhododendron, roses and unique among the waterflowers, the Egyptian Lotus.

BARNEY INDUSTRIAL EXHIBIT (In Forest Park) contains industrial exhibits of Greater Springfield manufacturers showing their early and modern products. Open to the public **daily** from 1 p. m. to 4:30 p. m. **including Sunday.**

MUNICIPAL BUILDING

City Officers

Mayor - Thomas J. O'Connor, Jr.; Clerk, George Fitzgerald.
City Clerk - William C. Sullivan; Assistant City Clerk, Rose A. Pollard.
City Collector - James J. Murphy.
City Treasurer - Francis E. J. Callaghan, Asst. Treas., A. Omer Moulton.

BOARD OF ALDERMEN

President - Arthur J. McKenna.
1st Ward - Arthur J. McKenna.
2d Ward - Daniel J. Sullivan.
3d Ward - John Morg Foley.
4th Ward - Victor W. White.
5th Ward - Edward F. O'Neil.
6th Ward - John F. Murphy, Jr.
7th Ward - Raymond F. Sullivan.
8th Ward - Justin G. Cavanaugh.
Clerk - Clifford F. Smith.

COMMON COUNCILMEN

President - John E. Flanagan.
1st Ward - Michael Tancrati, John J. Connolly.
2d Ward - Francis A. Doyle, Harold J. H. Walsh.
3d Ward - Genaro G. Sarno, James L. Grimaldi, Joseph Bonavita.
4th Ward - Frank J. Langone, Anthony A. Gentile, Paul R. Mason.
5th Ward - Paul E. Affleck, Tycho M. Petersen.
6th Ward - Stuart G. Waite, I. Willard Norkin.
7th Ward - Dana L.Coulson
8th Ward - Yvon J. Letendre, John E. Flanagan.
Clerk - Frank A. Lindquist.

CITY COUNCIL COMMITTEES

Board on Claims - The Mayor, John E. Flanagan and Councilman Daniel J. Sullivan.
City Property - Alderman Justin Cavanaugh, Councilmen Anthony A. Gentile and James L. Grimaldi.
Expressway Committee - Alderman Raymond F. Sullivan, Councilman Yvon J. Letendre; Planning Board Engineer, Supt. of Streets and Public Works Engineer.
Finance - The Mayor, Alderman Arthur J. McKenna, Councilmen Paul R. Mason, Tycho Petersen and Theodore W. Bamforth.
Fire Commission - Aldermen Raymond F. Sullivan, Arthur J. McKenna, Councilmen Tycho Petersen, Frank J. Langone and Paul E. Affleck.
Indemnification - Alderman Daniel J. Sullivan, Chairman of Retirement Board and City Solicitor; Councilmen Michael Tancrati and Theodore W. Bamforth.
Independence Day - Aldermen Arthur J. McKenna and Edward F. O'Neil, Councilmen James J. Grimaldi, Frank J. Langone, Tycho M. Petersen and Margaret V. Abert.
Legislative Matters - Aldermen Justin G. Cavanaugh and John F. Murphy, Jr., Councilmen John E. Flanagan, Stuart G. Waite and Tycho Petersen.
Off-Street Parking Commission - Alderman John M. Foley, Councilmen James L. Grimaldi, Paul E. Affleck, Ralph H. Alden, Patrick J. Curran, Frederic W. Fuller, Jr. and Thomas Costello, Sr.
Public Utilities Commission - Aldermen D. Sullivan and Edward O'Neil, Councilmen James Sullivan, Yvon J. Letendre, Genaro G. Sarno, Paul R. Mason.
Supervisors of the Department of Streets and Engineering - The Mayor, Alderman John F. Murphy, Jr., Councilman Frank J. Langone.
Traffic Commission - Alderman Victor W. White, Councilmen Theodore W. Bamforth and Yvon J. Letendre; Chairman of Planning Board, Chief of Police, Chief of Fire Dept., Supt. of Streets and Engineering, or their representatives, and the Traffic Engineer.
Zoning Law Revision - Alderman Justin G. Cavanaugh, Councilmen Stuart G. Waite and James L. Grimaldi. Also City Solicitor S. Thomas Martinelli, Building Commissioner, Gordon Robertson and the Planning Board Engineer.

COMMITTEES OF THE BOARD OF ALDERMEN

Enrollment - Aldermen John F. Murphy, Jr., Raymond F. Sullivan and Justin G. Cavanaugh.
Elections and Returns - Aldermen John M. Foley, Victor W. White and Edward F. O'Neil.
Ordinances - Aldermen Arthur J. McKenna, Daniel J. Sullivan and John M. Foley.

COMMITTEES OF THE COMMON COUNCIL

Enrollment - Councilmen Anthony A. Gentile, James L. Grimaldi and Dana Coulson.
Elections and Returns - Councilmen John E. Flanagan, Stuart G. Waite and I. Willard Norkin.
Ordinances - Councilmen Doyle, Connolly and Stone.
City Solicitor - S. Thomas Martinelli.

Associate City Solicitor - John J. O'Connor; 1st Asst., Consmo Ansara; 2d Asst., John F. Hennessy.

City Auditor - Carson H. Cluley, office Municipal Building.

Deputy City Auditor - Arthur G. LaBine.

City Physician - Dr. John M. Maloney.

Streets and Engineering Department - Superintendent, James J. Sullivan; Deputy Superintendent of Streets, William H. Woodward; Deputy Superintendent of Sewers, Thomas P. Kennedy; Deputy Superintendent of Waste Disposal, Joseph F. Shea; Deputy Supt. Eng., Richard E. Dudley; Deputy Supt. Street Lighting, John Turner.

Election Commission - Jane L. Caswell, Joseph A. Lopardo, Isadore Gelin and Donald C. Metzger.

BUILDING DEPARTMENT

Building Commissioner - Gordon Robertson; Deputy Commissioner, Charles G. Cook, Jr.; Building Inspectors, Harry C. Magee, Mario Pagnoni, Bernard Johanson, Silvio Galletti; Elevator Inspector, John C. Greenan; Inspectors of Wiring, Thomas M. Curran, Sr., James J. Harrington, Carl G. Berard and Herman G. Hilse; Inspectors of Plumbing and Gasfitting, Harold L. Gosselin, Peter J. Curto and Joseph G. L. Hetu.

Board of Appeal - Bernard B. Glazier, Henry E. Angers, John M. Brehaut, William Morris.

Assessors - Vernon E. Bradley, Michael P. Pessolano, Joseph B. Mahoney.

Board of Public Welfare - Kathlyn G. Smyrl, Dr. Wm. B. Coen, James Clarke, Dr. John M. Kane, John B. MoCormick; Agent, Thomas McElhone.

Superintendent at City Home - William J. McCann.

Superintendent of Public Buildings - Horace B. Sornborger.

Water Commissioners - The Mayor, Louis J. Gentile and George T. Horne.

Chief Engineer of Water Works - Peter C. Karalekas.

Water Registrar - John W. Costigan.

Collector of Water Rents - James J. Murphy.

Health Commissioner - John C. Ayres.

Board of Public Works - Raymond G. Superneau, John W. Delaney, Cornelius W. Phillips, Jr.

Fire Commissioners - Alderman Arthur J. McKenna, George D. Cummings, Herbert S. Terrill and Stanley J. Woods.

Chief of the Fire Dept. - Edward C. Boyle.

Park Commissioners - David A. Goggin, William J. Wenk, Edward J. O'Brien, Thomas A. Quinn and William Lieberman.

License Commissioners - Gerald D. Fitzgerald, Wayne H. Latham, Richard F. Carroll, Chairman.

Public Health Council - Mary T. Corcoran, Joseph R. Jennings, Dr. Joseph V. Corriveau, Ralph E. Burland, Dr. George A. Vassos, Jr., Dr. Frank E. Hurley.

Sealer of Weights and Measures - Carl E. Hawkins, Deputies, Ralph H. O'Malley, Errol M. Beebe, James Roberts, Thomas B. Walsh.

Real Estate Custodian - John Tehan.

MUNICIPAL WATER WORKS

The works are in charge of a board of Water Commissioners consisting of Louis J. Gentile, George T. Horne, Chairman and Mayor Thomas O'Connor. Martin J. Shaugnessy, Superintendent; clerk and water registrar, John W. Costigan; Peter C. Karalekas, chief engineer. Office, (319) City Hall. Service building and Yard, 71 Colton. Office hours 8:15 a.m.,to 4:45 p.m., Monday thru Friday. Telephone: (applications and information) RE 6-2711; (work and trouble calls, day or night) RE 2-5188. The supply of water is taken from the Little River watershed (situated principally in the towns of Blandford, Granville and Russell) and by means of the following storage structures:

	Capacity in Gallons.
Borden Brook Reservoir (impounding)	2,500,000,000
Cobble Mt. Reservoir (impounding)	22,829,000,000
Intake Reservoir (diverting)	40,600,000
Sedimentation Basin (before filtering)	38,700,000
Provin Mountain Reservoir (after filtering)	29,280,000
Total	25,437,580,000

The former supply from impounding reservoirs in Ludlow and Belchertown is also retained at present for towns of Ludlow and Wilbraham and for emergency uses, and with its storage capacity of 1,434,218,000 gallons make an aggregate capacity of 26,871,798,000 gallons.

Range of pressure on mains for day and night, as follows: Main street level, maximum, 147 pounds, average, 140 pounds. Hill section level maximum 87 pounds, average, 80 pounds.

The entire supply of city water to any premises is furnished by meter only and at meter rates; the necessary meters are installed by the water department at expense of the consumers for the initial cost of the meters and connections only.

The cost of ordinary care and repair of all meters is borne by the water works; the cost of unusual repairs (necessitated by freezing, hot water, etc.) due or attributable to any carelessness, or neglect on the part of the consumer, will be charged to the consumer or owner.

METER RATES

(Subject to all rules and regulations)

For each 100 cubic feet (748 gallons) of water as registered or estimated for each meter the rates shall be as follows:

Quarterly for each meter 1 to 5,000 cu. ft., .24 cents per 100 cu. ft., 5,000 to 60,000 cu. ft., .16 cents per 100 cu. ft.; all over 60,000 cu. ft., .09 cents per 100 cu. ft.

The minimum quarterly water charges for each meter will be as follows:

Meter Size	Min. Quarterly Chg.	Meter Size	Min. Quarterly Chg.
1/2" and 5/8"	$ 2.50	3"	$ 25.00
3/4"	3.00	4"	50.00
1"	5.00	6"	100.00
1 1/4"	8.00	8"	150.00
1 1/2"	9.00	10"	200.00
2"	15.00		
Fire Line Meter (All Sizes, 6.00)			

The above increased rates will become effective for your district with our next bill to you which will be dated June 1, 1957.

Each quarterly period will be computed and charged for independently of any other quarterly period and the rates therefore shall be paid accordingly.

When a meter from any cause fails to register the consumption of water, the quantity shall be estimated and the charge made based upon the registration by the meter when in order or upon the registration for corresponding prior quarter or period.

Miscellaneous and Temporary Uses - In certain cases of miscellaneous and temporary uses of city water, where the quantity used may be small, the charge for the same may be estimated instead of being shown by meter, at the discretion of the Water Registrar and the Supt.

The Water Registrar shall have the right to require an advance deposit as security for the payment of water bills, when he shall consider it for the interest of the city to do so; such deposit not to exceed a year's minimum rate for the property to be supplied or a reasonable estimate of the probable annual amount of such bills.

All bills due the City on account of the Municipal water works shall be payable at the office of the City Collector, Room 137, Municipal Building, Court and Pynchon streets within twenty days after the same are rendered and become due.

Inquiries and claims for correction should be made at the office of the Water Registrar, Room 319, Municipal Building.

Delinquent water bills are a lien on real estate.

PUBLIC SCHOOL SYSTEM

School Board - James H. Buckley, Jr., Chairman; At Large, Mary M. Lynch; Ward 1, Gilbert E. Barker; Ward 2, James H. Buckley, Jr.; Ward 3, John T. McDonough; Ward 4, Bernard H. Dunlevy; Ward 5, Edward C. Tremble, Jr.; Ward 6, Vincent DiMonaco; Ward 7, Edward W. Collins; Ward 8, Raymond J. Durocher; Thomas J. O'Connor, Mayor, ex-officio; Rena M. Card, Sec.

Supt. of Schools - Dr. T. Joseph McCook. Office, 32 Spring. Assistant Superintendent, Alice B. Beal; Deputy Superintendent, M. Marcus Kiley; Asst. Supt., Joseph E. Buckley; Administrative Asst., Vincent P. Kramer.

The Sign Over Your Door

Is a good thing, isn't it? You would not think of doing business without it.

But it is only seen by those who pass your way.

If you could put a sign where everyone could see it would it interest you?

THE CITY DIRECTORY

Is where people look for you when they want to do business. You should make it easy for them to find you, by putting such information as a buyer wants, in the Directory properly indexed under all headings where he might look for you.

To be properly registered costs less than to be left out

FISHING IN THE RIGHT SPOT ?
use your Directory - the RIGHT SPOT

Have you ever noticed a dejected fisherman sitting for hours, without even a nibble — and the small boy fifty feet away pulling in the big ones?

It's just a case of fishing in the right spot. The directory is the right spot for your advertising — it will produce the results — the big ones.

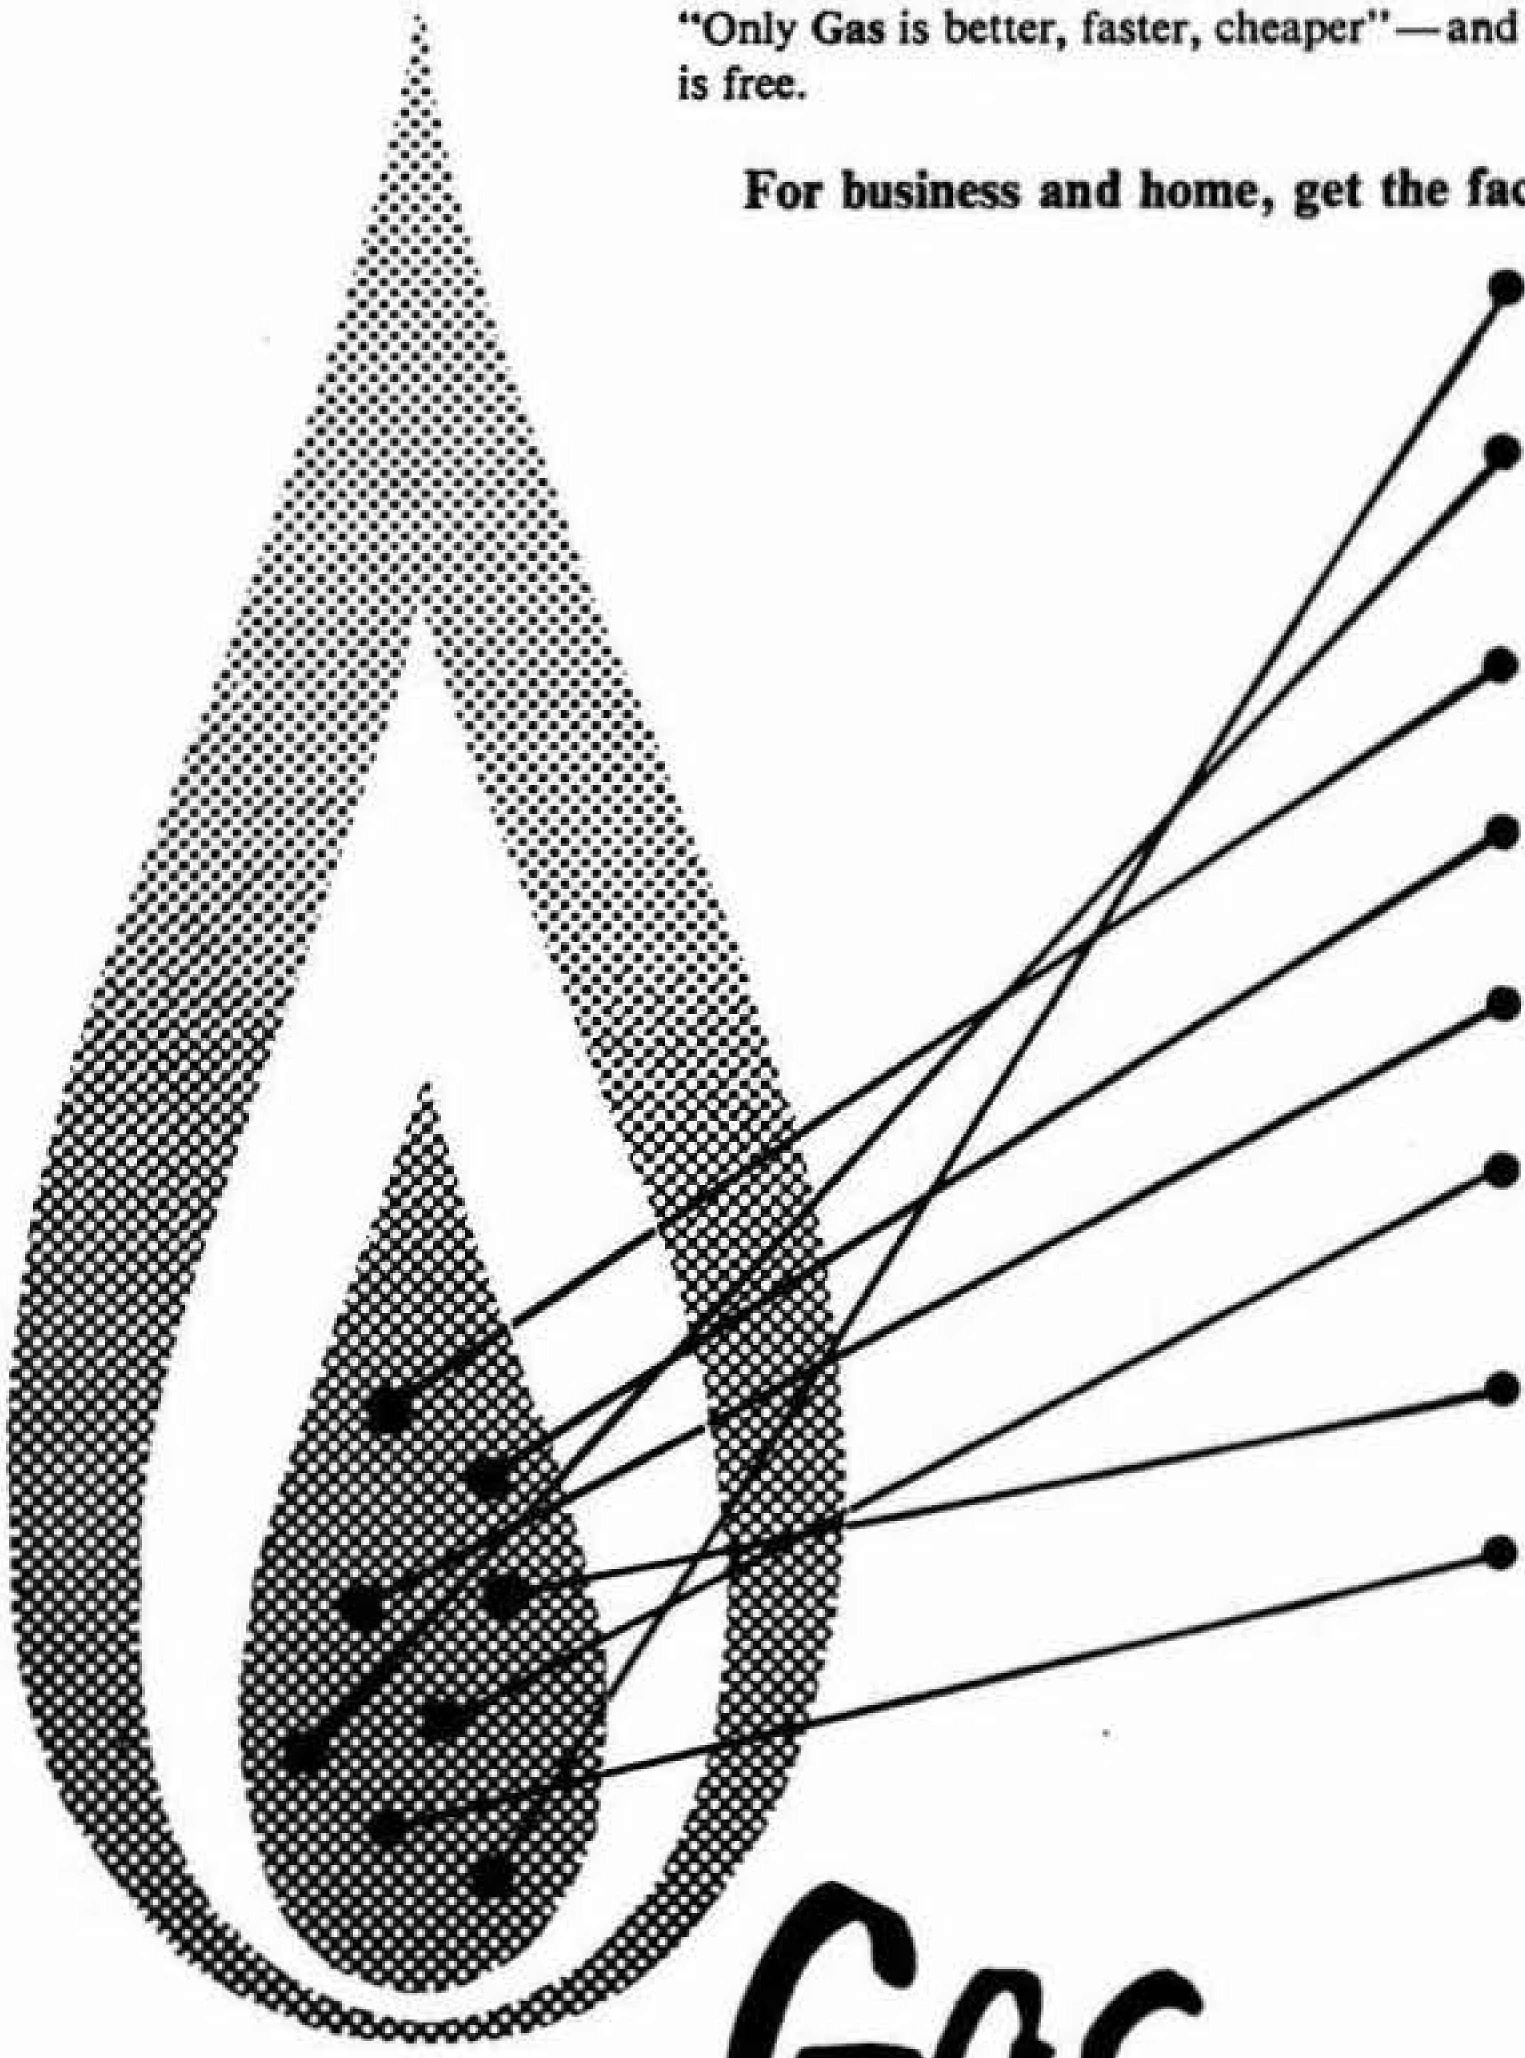
Gas THE MODERN INDUSTRIAL, COMMERCIAL and RESIDENTIAL FUEL

Operation of a modern plant or store requires top grade services — they are important to profits, employee morale and customer satisfaction. **Gas** is the modern fuel for heating, air conditioning, water heating and various special uses. **Gas** can make money and friends in the long run — that's the reason why so many businessmen are including **Gas** equipment in their remodeling or building plans.

Your home, the house where your family can live and enjoy modern comfort in safety is an important mark of a man's success. It is natural that **Gas**, the modern fuel, is preferred for so many uses. "Only **Gas** is better, faster, cheaper"— and service is free.



For business and home, get the facts about Gas, for . . .

- **Central heating** — clean, silent, service free
- **Air conditioning** — modern, efficient, simple
- **Incineration** — fast, clean, inexpensive
- **Refrigeration** — quiet, dependable, economical
- **Water heating** — low cost, fast, effective
- **Space heating** — portable or stationary, economical
- **Cooking** — fast, modern, dependable
- **Special uses** — call us for any special fuel problem you have—our engineering department is at your service to help you get the best answer

THE

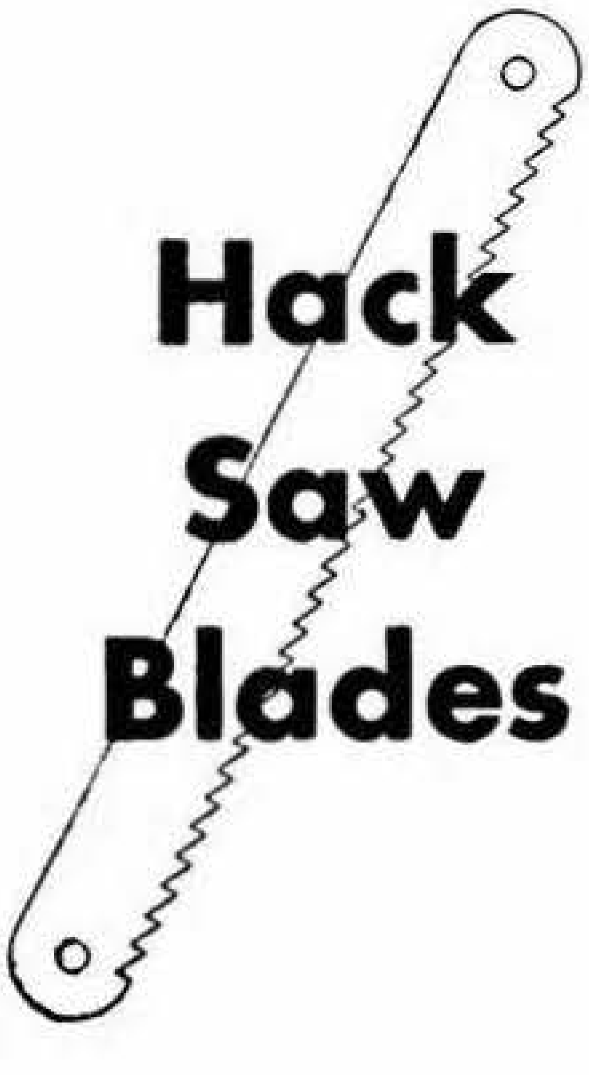
LENOX FAMILY

OF

METAL CUTTING SAWS



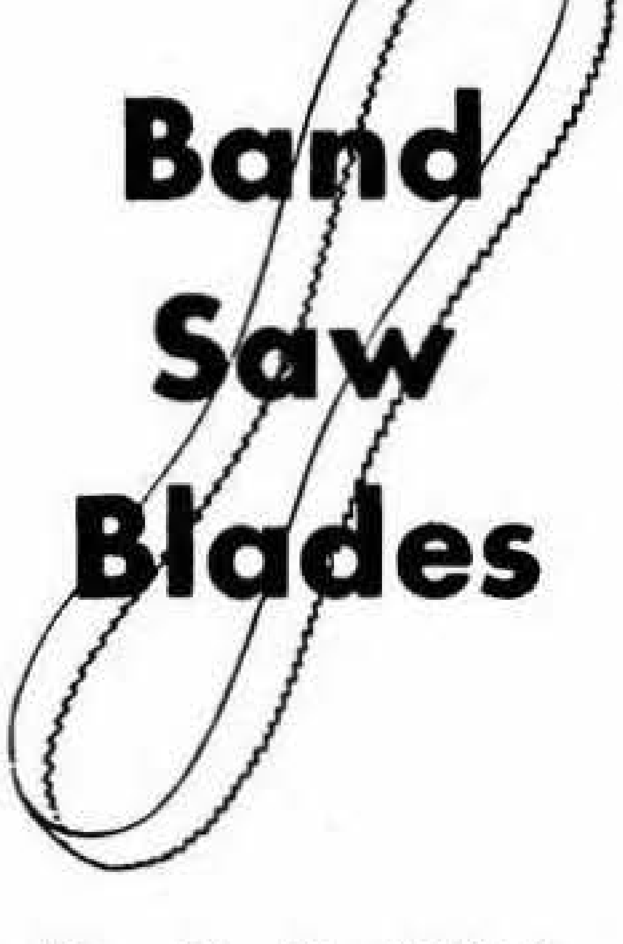
Hack Saw Blades

Hackmaster — UNBREAKABLE HAND BLADES — made of Molybdenum High Speed Steel — backs toughened so as to give them flexibility, and teeth edges hardened for durability.

High Speed — Genuine 18-4-1 High Speed Steel Hand and Power Blades, possess excellent cutting properties, great wearing and abrasive resistance qualities.

Mo-Speed — Hand and Power sizes. Molybdenum High Speed Steel Hack Saws — have unusual toughness in relation to their hardness, keen cutting edges, high efficiency.

Standard BLADES, hand sizes, the ordinary grade of hack saws made better. Can be furnished in the solid all hard type or the hard edge flexible back style.



Band Saw Blades

Hard Edge Flexible Back — our special heat-treating method tempers only saw teeth, producing an unusually hard cutting edge — used for hard and soft steels and non-ferrous metals.

Diemaster Narrow Metal Band Saw, Blades in 100 foot coils for use on Do-All, Grob, Tannewitz and other band sawing machines — for accurate contour work and straight cutting. Packaged in our Safety Box.

Skip-a-Tooth — file-hard teeth designed with extra long gullet — ideal for soft sticky metals, hard and soft woods, plastics, and like material.

Wood Cutting BAND SAWS — Saws which retain their keen edge longer — give more cuts per saw — cut straighter and last longer than the ordinary Wood Band Saw.

New Family Addition — Lenox Precision — Master Ground Flat Stock

Advertisers Who KNOW

That which makes any advertiser's approval worth while is the prominence he has attained in his particular line of work.

The *advertisers in the Directory* are competent judges on the subject of advertising mediums — the fact that they approve of *Directory advertising* is evidenced by their continued patronage.

COMPLETE MAILADVERTISING SERVICE

LET US MIMEOGRAPH IT!

A weekly bulletin to your sales force—multigraphed, of course—is an ideal and inexpensive way to keep every man happy and "hitting the ball."

Letters, sales, service and factory forms—in fact anything you wish duplicated in quantities—given the kind of attention which brings you back again and again.
